Congress Prepares For Battle Over Neutrality Issue

President Will Direct Battle On Neutrality

Becomes Apparent He Will Be Own Field General On Arms Issue

TO SPEND WEEK-END AT HYDE PARK HOME

President Gains Powerful Ally For His Side In Senator Glass

By GEORGE DURNO
International News Service Staff Correspondent

WASHINGTON, Sept. 22.—Preparatory to week-ending in Hyde Park, President Roosevelt today conferred with Republican and Democratic senate leaders as it became apparent he will be his own field marshal in the battle over arms embargo repeal.

Chairman Key Pittman of the Senate Foreign Relations committee, which will consider a new neutrality bill tomorrow, was called to the White House today. Senate minority leader Charles McNary, his assistant Senator Warren Austinan and Senator Tom Connally (D) Texas, also had appointments at the executive office.

Although the president appealed to the newly-convened special session of congress to put partisanship aside, he was fully aware of the extent of his opposition and was maneuvering accordingly. Opposition by such senate stalwarts as Hiram Johnson, William E. Borah, Bennett Champ Clark, Robert LaFollette, Gerald Nye and others, admittedly was calculated to arouse concern on the part of administration forces.

Secretary of State Cordell Hull, formerly a senator from Tennessee, and Postmaster General James A. Farley were understood to be aiding the president in exerting every ef-

As President Asked Congress To Repeal Embargo

President Roosevelt, seen lower left before microphones, in a special message to the assembled houses of congress, asks that the embargo of American arms to warring nations be repealed and for a return to the "age-old" processes of international law. He spoke at the opening ceremonies of the special session of congress. Seated above the president is Congressman William Bankhead, left, speaker of the house, and Vice President John N. Garner, president of the senate. At lower right is Brig. Gen. E. N. Watson, the president's aide.

Neutral Nation May Be German Route To France

GIVES OBSERVATIONS ON WAR FRONT TOUR

Drive Against French Front Would Take Enormous Toll Is Conviction

(Editor's note: Germany will strike at France through Holland or Belgium, Kenneth T. Downs, Paris correspondent of International News Service, who was the first American newspaperman to visit the western front, predicts in the following cable today. Downs bases his opinion on observations made during a lengthy tour of the front-line area, including occupied German territory, yesterday.)

By KENNETH T. DOWNS
International News Service Staff Correspondent

PARIS, Sept. 22.—As a result of two days' observation on the western front and in areas to the rear, I am convinced that when the Germans attack they will strike through Holland or Belgium.

No army can break through on the French front.

A German drive there would result in the greatest slaughter in the history of mankind and the most catastrophic debacle in military annals.

The only question in my mind is when will the attack occur?

Can the Germans repair the mechanized divisions used in Poland sufficiently and quickly enough to hurl them westward before the wet season has set in this year?

Mechanized Attack

Much depends upon this because a mechanized attack will feature at least the early phases of this war. The mechanized experiments of Spain were confirmed in Poland.

The system used in Poland was generally this:

The Germans first sent over observation planes. These were followed by light bombers which bombed reserves in the rear. Then bursts of artillery—carefully observe that these were bursts and not the old-fashioned and extremely expensive barrages of artillery—then tanks and assault cars followed by infantry whose task by that time was mainly one of occupation.

This system exactly confirms information given me by General Jose'

Warsaw Continues To Resist Bombing

By GEORGE BALINT
International News Service Staff Correspondent

BUDAPEST, Hungary, Sept. 22.—Warsaw's famous palaces and mansions toppled today under unceasing German artillery and aerial attacks, horse meat became a staple food in the shattered capital; yet Warsaw continued to fend off the enemy, and German reverses in some quarters were reported.

The former royal palace, hit by many shells and bombs in the last few days, has been completely demolished, Burgomaster Starzinsky said in a broadcast.

An ironical touch was added when the burgomaster said German incendiary bombs started a huge fire in the Soviet embassy—but the Polish fire brigade after a hard fight succeeded in saving the building from entire ruin!

Burgomaster Starzinsky asserted that four hospitals one of them a Red Cross institution were "terribly bombed" from the air. "I wish that Geneva could know the civilized methods the enemy uses!" he exclaimed.

After some days of negotiations, the diplomatic corps arranged with a German envoy for most of the foreign representatives to leave. The

President Tells Press Conference Subs Are Sighted

Unidentified Submarines Are Reported Off Both Coasts Of U. S.

ONE NEAR BOSTON ONE NEAR ALASKA

Submarine Statement One Of Series Of Developments At White House

By GEORGE DURNO
International News Service Staff Correspondent

WASHINGTON, Sept. 22.—With congress launched into an epochal struggle over neutrality legislation, President Roosevelt sprang a stunning surprise today with a statement that unindentified submarines had been sighted off both American coasts.

The president told his press conference that two undersea fighting craft—"nationality unknown"—had been reported cruising in Atlantic and Pacific waters—one off Alaska and the other off Boston.

Under the pressure of questioning, the president would only discuss the presence of the submarines in American territorial waters by observing that they might be Swiss submarines or perhaps Bolivian or even Afghan.

Neutrality Patrol

This country maintains a "neutrality patrol" of navy submarines, coast guard boats and planes from both services from Eastport, Me., to the gulf extending as far out to sea as 200 miles for "informational purposes." The president said there is no regular patrol on the Pacific.

There have been frequent but unverified reports of the sighting of submarines in American territorial waters, even since the president announced establishment of the "neutarality patrol" by the navy and coast guard.

Series Of Developments

The submarine statement from the White House was one of a series of major developments in the capital relating to the nation's maintenance of neutrality and the fight in congress over the president's proposal to repeal the embargo on shipments of U. S. arms to warring nations.

These developments were:

1. An administration spokesman—he refused to permit the use of his name—said that this government had "official information" that Germany and Soviet Russia had issued orders to communists and Nazis in the United States to fight repeal of the arms embargo.

2. President Roosevelt laid plans to limit the legislative program of the extraordinary session of congress to neutrality legislation. The twenty-man Democratic steering committee met and was told by Senator Barkley, Democratic leader of the senate, that the all-important issue of neutrality could best be dis-

Nine Assassins Are Publicly Executed In Streets By Rumania

By JAMES E. BROWN

BUCHAREST, Rumania, Sept. 22.—Nine bodies lay in their own blood at one of Bucharest's busiest street intersections—the bodies of men who took part in the gangster-like assassination of Premier Armand Calinescu—and there they must welter until 11 o'clock tonight as a macabre example to all.

King Carol acted with stunning speed after the killers, members of the pro-Nazi iron guard, felled the black-monocled Calinescu. A virtual military dictatorship under King Carol was set up, with General George Argesanu, former war minister and commander of the Bucharest army corps, as premier.

'Cash And Carry' Pact May Be Compromise In Neutrality Battle

By EDWARD B. LOCKETT
International News Service Staff Correspondent

WASHINGTON, Sept. 22—President Roosevelt's leaders in the neutrality fight on Capitol Hill today set about the task of convincing him that he can get from this special session of congress a cash-and-carry neutrality pact, but not a complete repeal of the law.

The same leaders were certain that they can get the president to accept such a compromise.

Prefers Simple Repeal

Mr. Roosevelt, in his message to the special session yesterday indicated that he preferred simple repeal of the neutrality act and that he could put the cash-and-carry regulation into effect by executive order. This did not satisfy the Democratic leaders. A trio of Senate foreign committee members headed by Chairman Pittman, immediately set about drafting a bill which would write into the law a provision that belligerents may buy American munitions but must pay for them on American soil and haul them away in foreign bottoms.

Pittman and Senator Connally, (D) Texas, a member of the foreign relations committee, were to tell the chief executive today that the committee will accept a cash-and-carry bill but will turn down suggestions for complete repeal of the law.

Fight Program

A nucleus of 24 senators was already formed to fight the president's program. This group, comprising 14 Republicans, seven Democrats, a

'Stand By' War Plan Extended

"Strategic Waiting" Continues On Western Front By Franco-British

LITTLE ACTIVITY ON FRONT REPORTED

By MERRILL MUELLER
International News Service Staff Correspondent

PARIS, Sept. 22.—The Franco-British "stand by" war of "strategic waiting" and constant testing of the German westwall today was covered on its 19th day of activity by French Communique No. 37.

"There was activity by our contact elements south of Saarbruecken and east of the River Blies," it said.

"Artillery action by both sides took place along the entire front."

French positions, according to unofficial reports, pushed closer to Zweibrucken, and the French feelers now are drawing almost to the stern fortifications of the westwall itself.

Aviation Patrols

Over a wide front stretching from France's frontier on the Rhine all the way up beyond the Belgian border, French aviation maintained constant patrols to check on German positions and gauge the strength of German reinforcements being transferred from the Polish fronts.

The previous Communique No. 36, announced: "In general Thursday was a quiet day. Enemy artillery was active south of Saarbruecken. Our reconnaissance flights were carried out in spite of bad weather and enemy fire."

German reinforcements were reported continuing around Aix-La-Chapelle (Aachen) gateway towards Liege in Belgium. The troop movements were being closely watched by France, although the belief is still held by military observers in

U. S. Aircraft Concern Says No Order Given

EAST HARTFORD, Conn., Sept. 22—Officials of the United States Aircraft Corporation today expressed surprise and doubt over the announcement in Paris of an order for 600 Vought dive bombers by the French government from the American concern.

Thus far, said Eugene E. Wilson, senior vice-president of United Aircraft, the order has not come through. He expressed doubt that even if such an order were received, his concern would accept it.

Wilson added that he saw no way for filling the order because of the present iron-clad embargo under the neutrality act.

U. S. Maritime Commission Speeds Up Shipbuilding Program Of Nation

(International News Service)

WASHINGTON, Sept. 22.—Speeding up its shipbuilding program which has been approximately 125 American keels paid since 1937, the U. S. Maritime commission today awarded contracts for 11 new cargo ships.

Contracts for seven of the ships went to the Bethlehem Steel Co., four of them will be built at the Quincy, Mass., Bethlehem yards at a price of $2,430,000 each and three will be constructed at the Bethlehem yards at Sparrows Point, Md.

The remaining four will be constructed at the Pascagoula, Miss., plant of the Ingalls Shipbuilding Corp., Birmingham, Ala., at a price of $2,550,000 each.

The contracts brought to 73 the number of ships purchased by the Maritime commission this year.

Westminster Enrollment Reaches All-Time Record

(Special To The News)

NEW WILMINGTON, Sept. 22.—Enrollment at Westminster college this year will reach an all-time high, with present incomplete enrollment figures nearing the 700 mark. Students registered will exceed the 703 figure of 1934-35, former all-time high mark.

This year's incoming freshman class, totalling approximately 260, has been designated as the "Jack-Jill" class, with a boy-girl enrollment almost evenly divided. In addition to the 260 freshmen are 12 transfers from other colleges.

Enrollment for women was closed in early August, when the dormitory reservations were all taken. Over 15 girls remain on the "waiting list." Propositions for a new dormitory is at present being considered by the college board of trustees.

Although fewer scholarships were given this year than in the past, the majority of first-year students rank in the upper two-fifths of their high school classes.

Following this year's "above 700" enrollment, college authorities are considering the advisability of placing the maximum enrollment at 700 for future years.

In the Westminster college extension division in New Castle, classes have been opened in English, mathematics, history and Bible. Classes meet at 7 o'clock in the North Street school on Monday, Wednesday and Thursday evenings.

Power Company Strike In Michigan

Fourth Strike Called By C. I. O.

Consumers Power Company At Bay City, Mich., Is Scene Of Conflict

POWER SERVICE BEING MAINTAINED

(International News Service)

BAY CITY, Mich., Sept. 22.—The fourth CIO strike against Consumers Power Company started slowly today as 150 men in Bay City and approximately 50 in Saginaw formed picket lines around company plants.

The utility workers organizing committee is striking to force the company to yield to its demands for collective bargaining machinery, despite the fact that the CIO's slim victory in an NLRB election is still being contested in court by the AFL's International Brotherhood of Electrical workers.

Consumers Power supplies the rich industrial sections of central and southwestern Michigan, the heart of the automobile and automobile parts manufacturing industries.

Service Continues

Service continued normal in both Saginaw and Bay City despite the strike.

Company officials expressed doubt that the strike could be effective because the UWOC failed to win a majority of votes in the bargaining election, and therefore fails to control a majority of the workers. The UWOC polled 1,100 votes, the AFL a few hundred less and the "neither union" ballot garnered 500 votes.

The key plants in Zilwaukee and Kalamazoo were not affected immediately by the strike.

The union's chief complaint this morning when negotiations with the company and the state labor mediation board were broken off was that the company refused to accept the principle of equal pay for equal work.

Bay City, Mich., Sept. 22.—The CIO strike against the Consumers Power company spread to a third plant today as Governor Luren D. Dickinson, in Lansing, announced the "entire forces" of the state will be used to maintain continuous power.

A power station in Flint was the third plant affected by the walkout that already had hit Saginaw and Bay City.

Power was uninterrupted in the three cities.

NEUTRAL NATION MAY BE GERMAN ROUTE TO FRANCE

(Continued From Page One)

Solchaga in Barcelona in February. Solchaga said it would be proved that development of military aviation as a complement to infantry in attack was the most important lesson of the Spanish war.

Risk Waiting?

If the Germans cannot get their mechanized forces in shape, they will be forced to risk waiting until spring. This has disadvantages because time unquestionably works against the Nazis. If they have to wait until spring, it is the general expectation that the Germans will launch an aerial war of frightfulness during the winter.

They are exected to use information that their espionage services supplied them in recent years to attack factories and communication centers and bombard big cities in order to terrorize the civilian population.

The question is whether the superior planes and pilots of the Allies can offset German superiority in numbers. In this connection I learned at one point on the front that American Curtiss planes brought down two of Germany's highly-touted Messerschmidts in the first dog-fights of the war this week.

Desire U. S. Planes

The beneficial psychological effect of this was enormous. The French I talked to made no secret of their desire for more American planes and equipment and even volunteer pilots as soon as possible, as their aid would be of immense value in this first critical year.

On my return from the front, I slept at Nancy. I found this beautiful old city, like all others in the northern and eastern regions, completely prepared.

Shops were solidly boarded up everywhere. The fine hotels on famed Stanislas Square were all closed. The town was cohmpletely black at night without even pilot lights showing.

I took a different route back to Paris than the one I followed enroute to the front, but I found the same state of mobilization and preparedness that I described yesterday.

I found first-aid hospitals thoroughly organized, with girls and young women—in some cases even nuns—driving ambulances.

Somehow the sight of red crosses everywhere brings home the reality of this thing more than anything else.

posed of by excluding debate in the house and senate on all other matters.

Conferences Held

3. The president, acting as his own field marshal in his battle for repeal of the arms embargo, held a series of conferences with both Republican and Democratic leaders of congress. Among those conferring with Mr. Roosevelt were Senator McNary, Republican leader of the senate, Chairman Key Pittman of the senate foreign relations committee and Senator Guy P. Gillette (D) Iowa. It was Gillette's vote that prevented action on neutrality legislation at the regular session of congress.

4. The president announced at his press conference that his appeal for revision of the neutrality act had brought a most favorable response to the White House. He said a very large number of telegrams had been received and are still pouring in. He said he had seen only 40 or 50 which were from governors and personal friends.

5. With the senate foreign relations committee preparing to begin its deliberations on what form revision of the neutrality act should take, the president's advisers will tell him that congress will substitute cash-and-carry neutrality provisions for the present absolute embargo on shipment of arms, but will not repeal the embargo outright.

6. The 24-senator bloc of isolationists opposed to repeal of the arms embargo planned to continue frequent sessions to carry out their pledge to fight the president's neutrality program from "hell to breakfast."

7. The national advisory committee on aeronautics announced the selection of Moffett field, Sunnyvale, Calif., as the site for the new $10,000,000 U. S. aviation research station—an important part of the program for rebuilding America's supremacy in the air.

8. The U. S. army drove full speed ahead in its plans to bring its air corps up to 6,000 planes by awarding contracts for $58,585,061 worth of aircraft.

In announcing the presence of unidentified submarines in U. S. territorial waters, the president told his press conference that vessels had seen a submarine off the southern border of Alaska near the inside passage. The craft sighted off Boston was between the southern tip of Nova Scotia and Nantucket shoals.

The information, Mr. Roosevelt emphasized, came from perfectly reliable sources. The navy department announced, however, that it had nothing to add to the president's statement—an indication that the reports may have come from private vessels.

WARSAW CONTINUES TO RESIST BOMBING

Soviet and Turkish officials remained in Warsaw, but the others left yesterday. (It was assumed that John K. Davis, United States consul general, and his staff departed with the others.)

Shortage of Bread

Surrounded by the Germans, Warsaw is suffering a shortage of bread. Authorities fixed the retail price of horse meat at 70 cents a pound and warned that profiteers would be punished.

A Polish army general staff bulletin said the Germans launched a strong offensive in an attempt to enter Warsaw through Praga, the suburb on the northeastern side of the Vistula, but were repulsed.

West of Warsaw the Germans tried to capture several important positions but they, too, were beaten back, according to the staff communique.

German forces suffered heavy losses when the Poles made surprise attacks and beat back the Reich troops in hand-to-hand fighting, said Col. Voclava Lipinski, commander of the Warsaw garrison.

The Poles succeeded in extending their lines several miles in the west, he asserted.

Since the war began three weeks ago, said Col. Lipinski, the Poles brought down 87 German planes.

Burgomaster Starzinsky said in his broadcast: "The people of Warsaw watch with pain the devastation of their capital. But they know that one day Poland will be victorious and Germany will be beaten. Poland has had many terrible periods in its history, but resurrection always has followed.

"Surrender now is impossible."

NINE ASSASSINS ARE PUBLICLY EXECUTED

(Continued From Page One)

tempt at a coup.

As gangster methods were used in the assassination, the drama of a Hollywood premier ended the lives of the slayers. Calinescu was shot down in his automobile when he was trapped at the busy Prediugiria Stirbei intersection.

The captured members of the iron guard were taken to the exact spot at 11 o'clock last night and, in the glare of flood lights, were forced to reenact the shooting.

While thousands looked on, seven iron guards who were arrested in an attempt to seize the Bucharest radio station were taken in a truck to the scene of the killing. Each was accompanied by a Rumanian officer.

Each Man Shot

After the grim scene was reenacted, each man was shot by his escort.

The executioners used the same guns fired by the iron guards in the assassination.

The bodies of two other guards, who were shot in their homes, then were brought to lie beside their co-conspirators.

"From today, every traitor to his country will be treated like this," said placards placed on the bodies.

All through the night crowds of curious filed past the corpses, which were left lying exactly as they fell under the bullets.

Two others committed suicide when they were trapped in a house near the scene of the assassination.

The act of the iron guard bore marked resemblance to the murder of Chancellor Dollfuss of Austria by Nazis, and it paralleled the killing of Premier Ion Duce of Rumania by iron guards in 1933.

Rumania Is Tense

Rumania was tense today, but with troops concentrated on the outskirts of Bucharest, the royal government had everything under control.

The new government issued a statement declaring that the incident was entirely an internal affairs, and had nothing to do with any foreign country.

Nevertheless it followed a police raid on a German political organization in Cernauti, near the Polish frontier, Wednesday. Authorities asserted that complete plans for a pro-German Putsch were discovered, and leaders were arrested.

Many believed that the assassination was the answer to the Cernauti raid.

Deaths of the Day

Carl G. Forsman.

Carl G. Forsman, aged 49, of 416 Hillcrest Ave., died at his residence on Thursday afternoon at 1:30, following an illness of a month's duration.

Mr. Forsman was born on January 16, 1890 in Upland, Sweden. He was a member of St. John's Lutheran church, and this year was president of the S. F. of A. He was also a member of the Loyal Order of Moose. Mr. Forsman was formerly employed at the steel and tin mill here, but for the past three years was employed at the Republic steel mill in Youngstown, O.

Surviving are his widow, Jennie J. Lawson Forsman. He leaves one sister Emma Forsman and two brothers, Oscar and Frederick Forsman, all of Sweden.

Funeral services will be conducted on Saturday afternoon at 2:30, from the residence, with the Rev. F. E. Stough of St. John's church in charge.

Interment will be in Oak Park cemetery.

Bright Funeral.

Impressive funeral services for one of the city's most beloved and honored residents, John M. Bright, were conducted Thursday afternoon at 2 o'clock with Dr. Charles B. Wingerd of Central Presbyterian church, the congregation he had served as an elder since 1900, and Dr. S. A. Kirkbride of New Wilmington, officiating.

Known throughout the city, Mr. Bright died at the age of 96 at his home, 1510 Hanna street, last Monday evening. He had been active in church work up until a breakdown two years ago.

A throng of mourners filled the R. L. Boyd Funeral home on North Jefferson street for the service.

Pallbearers included John Love, W. W. Wallace, Benjamin Jenkins, William R. Book, James G. Leslie and Frank Rudesill.

Interment was in Graceland cemetery.

Million Services

Funeral services for Louis Million were conducted from St. Vitus church yesterday morning with Rev. Fr. S. Butterbach, assistant pastor of St. Vitus, officiating. Father Butterbach conducted the committal service at the grave.

Pallbearers were Michael Carvella, Vincenzo Pecoraro, Angelo Geiglienillo, Guiseippi Didanoto, Masis Giovannio and Vericelli Arsenco.

Honorary pallbearers included Marcatulia Virncenzo, Vaninao Martucci, Anthony Crudell and John Casacchia, president of the Casa Sovoia society, which also conducted a tribute at the cemetery.

Umbright Services

Funeral services for the late Edward E. Umbright of Park avenue were conducted from the Joseph B. Leyde mortuary on Thursday afternoon at two o'clock, with Rev. Charles N. Moore in charge.

Mrs. Russell Tait sang a few hymns.

Pallbearers were Frank Zimmerly, Guy Zimmerman, George Kennedy, Charles Hunter, James Ellison and David J. Thomas.

Interment was in Greenwood cemetery.

'CASH AND CARY' PACT MAY BE COMPROMISE IN NEUTRALITY BATTLE

(Continued From Page One)

Progressive and two Farmer-Laborites, worked out preliminary plans at a meeting in the office of Senator Johnson (R) California, and was expected to meet periodically as the fight gets under way.

Strength of the opposition group lay in the fact that its members disregarded internal differences between preferences for a cash-and-carry law or complete repeal if defeat on one or the other seemed inevitable, and has directed its drive on the issue of selling arms to belligerents. Senator LaFollette (P) Wisconsin, expressed what the bi-Partisan opposition coalition called its slogan, when he said:

"The milk of the cocoanut is the arms embargo. We may differ on other things, but on this thing we will fight from hell to breakfast."

Disregarding the president's apparent preference for complete repeal of the neutrality act, Pittman, Connally and Senator Thomas (D) Utah, planned today to draft a cash-and-carry law and try to have it ready to present to the committee, when it meets tomorrow. Pittman said he anticipated little difficulty in getting it approved.

Senator Democratic leader Barkley meanwhile called Senate steering committee together to carry out President Roosevelt's suggestion that the special session be limited to the neutrality question alone.

SOCIETY

BESSEMER WOMEN'S CLUB PLANS OPENING

A flower exhibit under the direction of Mrs. J. Fullerton will feature the opening of the fall session of the Bessemer Women's club in the Presbyterian church on Tuesday, September 26.

Highlights of the evening will be a talk on "Gardening" by Mrs. Frank Krause of Ellwood City; a talk on "Birds and Conservation" by Owen Fox, city forester of New Castle, and a demonstration by C. W. Fischer of Youngstown, O.

The committee expects all members to have their flowers, house plants, ivy vines, casti, miniature and mixed boquets in their containers at the church by 2:30 o'clock.

The new committees listed below, have their work well in line for the coming year, and an interesting year is predicted. They are: Civic committee, Mrs. Frank Beale; program committee, Mrs. Wayne Davis; social committee, Miss Eleanor Throop; ways and means, Mrs. Harry Smith; membership committee, Mrs. Harry Hinson; flower, Mrs. Ralph Murtland; publicity committee, Mrs. Merle Moses.

ETHEL PETERSON ALLEN SAILING AT MIDNIGHT

Tonight at midnight, Ethel Peterson Allen, who resides with her sister, Mrs. F. W. Mansfield, on Marshall avenue, will sail from New York on the S. S. Brazil for South America, where she will remain for an extended visit.

A group of close friends and relatives bid her farewell at the railroad station last evening, when she departed for New York, and on a previcus evening Mr. and Mrs. Edward Wish entertained at an informal dinner party in their home on Leasure avenue. Mr. and Mrs. William DeForest of Sharon were out of town guests who shared.

Ethel Peterson Allen will be the house guest of Mr. and Mrs. E. E. Long at Sao Paulo, Brazil, while in South America. Mrs. Long will be remembered as the former Nancy Robinson of this city.

JUNIOR WOMEN OPEN SEASON WITH DINNER

Members of the New Castle Junior Woman's club motored to the Kaufman hotel in Zelienople on Thursday evening for their opening fall dinner meeting. About 22 attended and the committee in charge consisted of Elma Robinson, Roberta Sedgwick and Mrs. James Chambers, Jr.

Following dinner, bridge was played, prizes going to Miss Martha Matthews, Mrs. M. Dale Andrews, Mrs. William McCombs and Miss Dorothy Robinson.

The president, Elizabeth Wallace, conducted a short meeting when program books were distributed and two new officers elected to fill vacancies. They are: recording secretary, Mrs. Floyd Geiger; corresponding secretary, Elma Robinson.

Next meeting will be October 5 in the home of Mrs. Raymond Cunningham, corner of East Washington and Chestnut streets.

LADIES ASSOCIATION GUESTS AT LUNCHEON

There were 25 members and three guests present when the Ladies Association, First U. P. church, met for their regular one o'clock luncheon and meeting on Thursday afternoon in the home of Mrs. Fred W. Sontum, Miller avenue. Luncheon was served buffet style.

Mrs. Jessie Edgar opened the meeting, after which Mrs. W. J. Wilkins, president of Lawrence County W. C. T. U., gave an interesting and instructive temperance talk.

Mrs. Harvey Robinson, Mrs. John Lockhart, Mrs. George Smith and Mrs. Jessie Edgar were appointed delegates to attend the fall Presbyterial to be held in Wurtemburg on September 28. A tour of the gardens interested members following luncheon.

S. E. Club Opens Season

After a recess period, the S. E. club membership resumed meetings Thursday evening when they met in the home of Mrs. Everett Cannon on Elizabeth street for a social time. In cards, Dorothy Bird, Irene Fehrenbach and Louise Hunter captured the honor score trophies. The galloper fell to Ruth Howard.

In serving a tempting repast, the hostess was aided by her daughter, Jayne.

The next gathering will take place in two weeks with Louise Hunter of Carson street, hostess.

Wahine Club

Wahine club members were entertained in the home of Mrs. Anna E. Flynn, 909 Dewey avenue, Thursday evening. Five hundred held the attention of the group during the evening, prizes going to Mrs. Cliff Bruce and Mrs. Lizzie Bruce.

Lunch was served by the hostess at the close of play. Mrs. Jennie Jones and Miss Lillian Anderson were special guests.

On Thursday, October 5, Mrs. Benny Gurneal, Reynolds street, will entertain.

Return From Florida

Mr. and Mrs. H. A. Anderson of East New Castle, Mr. and Mrs. J. J. Ricer of East Washington street and Mrs. William Hanna of the Butler road have returned to their homes following a two weeks visit in Florida and other points south, including Winter Haven.

While in St. Petersburg they visited with Mrs. Hanna's mother, Mrs. Joseph Jobin. The latter also entertained at a lovely dinner party in their honor while guests there.

MUSIC CLUB PLANS OPENING ASSEMBLY

"Past President's Day" will be the title of the opening meeting of the Music club when they meet next Tuesday, September 26, at 8 o'clock in the Highland United Presbyterian church.

This will mark the first program of the new year and it is expected all members will be in attendance.

Mrs. H. L. Gordon will preside as hostess during the evening, while ushering will be done by Mrs. E. Kaplan, Mrs. R. K. Allen, Mrs. Ben Agnew and Mrs. Clifford Propst.

WINSOME McCURDY TENDERED FAREWELL

Winsome McCurdy, daughter of Rev. and Mrs. Harold McCurdy, was pleasantly surprised Thursday evening, when 16 boys and girls gathered at the home of Maryruth Turner of Arlington avenue to tender her a farewell party. Shirley Kennedy was co-hostess.

Shirley Kennedy presented Winsome with a beautiful gift in behalf of the group assembled, at the close of a period of games.

Mrs. Carl Turner, Mrs. Thomas Kennedy, and Mrs. Charles Henry, later served lunch.

The McCurdy family of Adams street are leaving Tuesday for Brookfield, Pa., where Rev. McCurdy has accepted the call as pastor at the Methodist church there.

Acme Club

Members of the Acme club were royally entertained in the beautiful new home of Mrs. Cora Ferree on Wednesday with three special guests present, Mrs. Clifford Ferree, Mrs. John Robinson and Miss Zella Liken of Evans City.

At noon a delicious chicken dinner was served in the dining room.

At the close of the dinner a literary program was given, after which the company assembled in the living room where the afternoon was spent doing quilt, patch and embroidery work.

Mrs. Ferree was ably assisted by her daugther-in-law, Mrs. Clifford Ferree.

At a late hour club adjourned to meet at "The Lodge," the home of Misses Jean and Ella Clarke, on October 18.

Entertain Club

Misses Theresa George was hostess, and Clara George, co-hostess to the Gay Laughters on Wednesday at their home on Pearson street. The occasion honored the birthday of the club president, Miss Clara Fazzone.

Games were the diversion of the evening, prizes being awarded to Misses Angeline Maciarella, Rachelle Ross and Mrs. Johnny George. Miss Madeline Palmer received the door prize. Miss Elizabeth Pagely, special guest at last meeting, was received into the club membership.

The honored guest received many lovely gifts.

The next meeting will be held on October 4, at the home of Mrs. Josephine Buonpane of Pearson street.

Iona Kensington

Members of Iona Kensington met in the home of Mrs. Cora Duffner, Croton avenue, Thursday afternoon. Cards, music and other games provided pastimes, prizes going to Mrs. George Carr and Mrs. W. J. Brennaman. Lunch was served by the hostess, aided by her sister, Mrs. Emma Kissinger, a special guest.

Mrs. George Carr, Delaware avenue, will entertain on Thursday, October 5.

Section E

Members of Section E, of the Third United Presbyterian church, held a 1 o'clock luncheon Thursday, in the home of Mrs. Charles Dean, East Washington street.

A large group was present, and cut flowers centered the small tables.

On October 6, Mrs. Harryy Thornburgh, of the Butler road, will be hostess to the Section.

Y. M. M. Club Meets

Y. M. M .club members were entertained on Thursday evening by Mrs. Helen Houston, of the Graceland road.

Tables of 500 were in progress, prizes going to Mrs. Willis Boyd, Mrs. Aaron Yoho and Peggy Smith.

A wiener roast was enjoyed later.

On October 5, Mrs. A. Yoho, DuShane St., and Mrs. Dorothy Smith, Croton avenue, will entertain.

MISS IONE FARVER HONORED AT SHOWER

Miss Ione Farver, bride-elect of Walter D. Preston, was honored at a lovely party Wednesday evening given by Miss Evelyn Brandt, East Washington street, which interested a group of close associates of the honoree.

The occasion was in the nature of a personal shower and bridge, the early period being devoted to card playing. Misses Ann Hensley and Alice Preston were winners of honor score prizes. In conclusion, the hostess served a dainty collation at a prettily arranged table, the nuptial motif predominating.

The evening was climaxed when the honoree was showered with an array of personal gifts.

Miss Farver is the daughter of Mr. and Mrs. C. B. Farver, of Laurel boulevard, and Mr. Preston is the son of Mr. and Mrs. Jesse H. Preston, of North Crawford avenue.

ST. VITUS CHURCH SCENE OF WEDDING

Before an embanked altar of ferns and flowers in St. Vitus church on Thursday morning at 9 o'clock Miss Pauline Rose Fazzone, daughter of Mrs. Mary Fazzone, Canyon street, and Thomas Natale, son of Mr. and Mrs. Louis Natale, Cedar street, were united in marriage., with the Rev. Fr. Nicholas DeMita, officiating, using the single ring service. Of interest is the fact that Rev. Fr. DeMita officiated at the weddings of the bride's mother and her two sisters.

Given in marriage by her brother, Thomas, the bride was lovely in a princess white taffeta gown made entrain. Her tulle veil was caught with a cluster of orange blossoms, and she carried a colonial bouquet of gardenias, white roses and valley lilies.

Mrs. Frank Marcella, matron of honor, was attired in an acqua blue toe length gown and wore a crown of red roses. Her colonial bouquet was of talismen roses. Alex Natale, brother of the groom served as best man.

Bridesmaids, Betty DeCarbo and Helena Augostine, wore gowns similar to that of the matron of honor, and carried colonial bouquets of briar-cliff roses. Francis Augostine and Dante DiThomas ushered.

Little Patricia Jean Biondi, niece of the bride, as flower girl, wore an accordion pleated blue silk dress and carried a small colonial bouquet of pink roses.

Nuptial music was played by Mrs. Frances Coloa. Following the ceremony, a congratulatory period was held.

At 1 o'clock, the wedding dinner served at a local dining hall was followed by an afternoon and evening reception at the bride's home.

Later Mr. and Mrs. Natale departed on a month's wedding trip to Canada, Washington, California and other western states. They will return home by route of the Mexico and southern states. For travelling, the bride wore a blue fur trimmed costume suit, and dubonnet accessories. Her corsage was of orchids.

After November 1, they will be "at home" to friends on Canyon St. Mr. Natale is affiliated with the B. and O. railroad company, and Mrs. Natale was employed at the Shenango Pottery.

Guests attended the wedding from Providence, R. I., New York City, Pittsburgh, and Struthers, O.

KING'S DAUGHTERS TUREEN LUNCHEON

Mrs. J. B. Elliott, 404 Park avenue, was hostess to the King's Daughters' class of the First Methodist church Thursday at a tureen luncheon. Mrs. T. A. Myers and Mrs. J. W. Stewart assisted Mrs. Elliott.

Mrs. J. H. Wirsing of Pittsburgh, a former member of the class, was a special guest, and honor was shown to Mrs. T. A. Patterson, who celebrates a birthday this month.

After a very delightful luncheon, the class was called to order for a business meeting by the president, Mrs. L. M. Buchanan. The remainder of the time was spent in games and answering Bible questions.

The next meeting will be a Hallowe'en party at the home of Mrs. William G. Ayers, North Jefferson street, Thursday, October 26.

Wednesday Quilting Club

At the home of Mrs. Ed. Blaine of Dewey avenue, the Wednesday Quilting club met Wednesday morning. The morning was spent in sewing. A delicious dinner was served by the hostess, assisted by her daughter, Mrs. Fred Kenehan and Miss Goldie Blaine. Covers were laid for twelve.

After a short business meeting, bingo was played, with prizes being awarded to Mrs. David Drumm and Mrs. Ellis White. On October 18, the club will spend the day with Mrs. Milton Book of Winslow avenue.

LEAGUE ENDS GOLF SEASON WITH BANQUET

High-lighting the season for members of the Ladies league of Castle Hill golf course was their banquet, which took place at a local tea room Thursday evening. There were 35 women in attendance at the event, closing the year's golf activities for the group.

After dinner there was a brief meeting, when arrangements were completed to open the bowling season on Tuesday, Oct. 17. There was a registration of 40 for this. Team captains are Mrs. Henry Broad, Mrs. Russell McGill, Mrs. Norbert Ubrey, Mrs. Robert McGill, Mrs. Ruth Clarke and Mrs. Roy Webster. Mrs. David Aston was elected as the new treasurer.

An outstanding and humorous feature of the evening was the showing of motion pictures by Mrs. William Nesbitt, giving the women a chance to see themselves as they "really are" when playing golf.

Other forms of entertainment during the evening were bridge, 500 and other games, with prizes being awarded as follows: bridge, Mrs. Edward Long, Mrs. R. G. Maxwell; 500, Mrs. William Mooney, Mrs. Charles Ward; games, Mrs. Fred Scheppele. Door prize was awarded to Mrs. Robert Mackie, and a white elephant exchange also took place.

Events this year were conducted by the following committee: Mrs. Harry S. Wettich, chairman; Mrs. Roy Webster, Mrs. David Aston, Mrs. Tom Solomon, Mrs. Russell McGill, Mrs. Ruth Clarke, Mrs. Paul Hunt, Mrs. Robert Mackie, Mrs. Henry Broad and Mrs. Norman Ehrlich.

CECELIA McGRATH HOSTESS TO GROUP

Miss Cecelia McGrath welcomed associates of the six troops of the Junior C. D. of A. at her home on the Pulaski road, Thursday evening, in the form of a "get together" party for the new candidates for membership.

Informal contests and group singing in the grove at the rear of the residence around a bon-fire, filled the evening hours. New candidates who are to be initiated in December were each introduced. A delicious wiener roast climaxed the outdoor session.

October 4, members will meet in St. Mary's hall and the candidates are to attend, in the role of special guests.

SECTION E LUNCHEON IS LARGELY ATTENDED

Approximately 63 attended the one o'clock luncheon given by Section E of the Y. L. B. class, Third U. P. church, in the home of Mrs. Charles Dean, East Washington street, Thursday afternoon. A social period ensued.

Next meeting will be in the home of Mrs. Harry Thornburg, Butler road, on Thursday, October 5.

Stitch-And-Chat

Miss June Larzo opened her home on Croton avenue, to the Stitch-and-Chat club, Thursday evening.

Sewing was the pastime of the evening. The club token was captured by Mrs. Harry Liebendorfer. As special guest they had Edith Elisco.

At an appropriate hour, the hostess, assisted by her mother, Mrs. Laura Larzo, served a dainty lunch.

September 28, is the date for the next meeting in the home of Mrs. Charles Brown, Croton avenue.

O. T. I. Club

Mrs. Mary Augostine and her daughter, Amelia Augostine, entertained members of the O. T. I. club at a downtown dining hall, Thursday evening.

At 8 o'clock, a full course chicken and ravioli dinner was served followed by an informal social time. The guest was Palma Julian.

On October 5, Mrs. Carrie Nativio, of Clearview avenue, will be hostess.

LUNCHEON FEATURES BOOK CLUB MEETING

A 1:30 luncheon featured the Mahoning Book club meeting which took place Thursday afternoon in the home of Mrs. Minnie Nogle, Wampum. Mrs. W. C. Meechem was the co-hostess.

The regular routine was followed with the exchange of books taking place. Mrs. David Bender, Mrs. Joseph Cunningham and Mrs. F. W. Guy were appointed as a nominating committee. They will report at the next meeting on October 5 when the annual election of officers will take place.

Special guests at the meeting were Mrs. Reynolds of Ellwood City, Mrs. Gilkey, Mrs. A. M. Brown and Mrs. W. C. Patterson.

DELEGATES ATTEND COUNCIL SESSIONS

Fourteen members of the American Legion Auxiliary motored to Mt. Jackson Thursday to attend the Four-County Council which was held in the Presbyterian church.

A delicious dinner was served at 1:00 o'clock in the basement of the church.

The next council meeting will be held at Evans City next month.

T. I. Club Change

The meeting of the T. I. club scheduled for this week, has been postponed until October 5, at which time Mrs. Anthony Bullano, 920 South Mill street, will entertain.

J. F. F. MEMBERSHIP AT HITE RESIDENCE

Mrs. Edward F. Hite of East Reynolds street, extended hospitality to the J. F. F. club membership Thursday evening, and one guest, Mrs. John Daly, who received a special remembrance.

The occasion marked their biweekly event, and bridge provided the pastime. Mrs. William J. Davis and Mrs. Forbie Pitzer won the card awards, while the galloper was carried off by Mrs. Joseph Todd.

Lunch was served at the individual tables, by the hostess, with her mother, Mrs. William Brown, assisting.

On Thursday, October 5, Mrs. Cecil Myers of Youngstown, O., will entertain.

HE IS AN AMERICAN

(From the New York Sun)

HE IS an American

He hears an airplane overhead, and if he looks up at all does so in curiosity, neither in fear nor in the hope of seeing a protector.

His wife goes marketing, and her purchases are limited by her needs, her tastes, her budget, but not by decree.

He comes home of an evening through streets which are well lighted, not dimly in blue.

He reads his newspapers and knows what it says is not concocted by a bureau, but an honest, untrammeled effort to present the truth.

He has never had a gas mask on.

He has never been in a bombproof shelter.

His military training, an R. O. T. C. course in college, he took because it excused him from the gym course, and it was not compulsory.

He belongs to such fraternal organizations and clubs as he wishes.

He adheres to a political party to the extent that he desires—the dominant one, if that be his choice, but with the distinct reservation that he may criticize any of its policies with all the vigor which to him seems proper—any other as his convictions dictate, even, if it be his decision, one which holds that the theory of government of the country is wrong and should be scrapped.

He does not believe, if his party is out of power, that the only way in which it can come into power is through a bloody revolution.

He converses with friends, even with chance acquaintances, expressing freely his opinion on any subject, without fear.

He does not expect his mail to be opened between posting and receipt, nor his telephone to be tapped.

He changes his place of dwelling, and does not report so doing to the police.

He has not registered with the police.

He carries an identification card only in case he should be the victim of a traffic accident.

He thinks of his neighbors across international borders—of those to the north as though they were across a state line, rather than as foreigners—of those to the south more as strangers since they speak a language different from his, and with the knowledge that there are now matters of difference between his government and theirs, but of neither with an expectancy of war.

He worships God in the fashion of his choice, without let.

His children are with him in his home, neither removed to a place of greater safety, if young, nor, if older, ordered ready to serve the state with sacrifice of limb or life.

He has his problems, his troubles, his uncertainties, but all others are not overshadowed by the imminence of battle and sudden death.

He should struggle to preserve his Americanism with its priceless privileges.

He is a fortunate man.

He is an American!

LITTLE NATIONS' NEUTRALITY PROBLEM

The group of Northern European nations, meeting in Copenhagen, had an overshadowing reason for declaring their determination to stand together to preserve their common neutrality. To their natural desire for peace is joined the fear of the disaster that might befall should they be dragged into the war.

Their resolve to insist on their right to continue "traditional commercial relations with all states, including belligerent powers," means more than a legitimate concern for the trade upon which the livelihood of their people largely depends.

These little countries are well aware that refusal to sell, on equal terms, their belligerent neighbors might create grievances leading directly to war. Aside from any consideration of the issues raised by our own embargo and other features of our present neutrality law, it is evident that Norway, Sweden and Denmark find themselves in some respects in a much more delicate situation than the United States.

They managed to maintain their neutrality, and consequently their peace, throughout the World War. They necessarily had to endure many economic hardships and will have to do so again. But anything is better than war. Their ability to remain neutral, with the flames raging all about them, does not necessarily suggest that the United States can dispense with special neutrality legislation to supplement the canons of international law.

There is something for all neutrals to think about in these concluding words of the Scandinavian nations' statement: "It is in the interest not only of the Northern peoples, but of all nations, that throughout the war there remains a group of states which may facilitate that reconciliation of belligerent nations which the future must bring."

EASILY IDENTIFIED

A city boy was out to take an inventory of a farm. He hadn't any experience in this type of work but he managed to make a list of all the chattels and stock until he came to an animal which he was unable to identify—a goat.

So he phoned his boss and said: "What do you call this thing that's around here with a rough coat that's worn out in spots, a white beard and a long sad face?"

To which the boss replied: "That must be the farmer."

The Parent Problem

By Garry C. Myers, Ph. D.

HANDLING CHILD WHO PLAYS SICK

"Dear Dr. Myers: I have a stepson, 15 years old. Last year he went to camp for two weeks for the first time and enjoyed it so much he wanted to return for another two-week period. However, when it came time to take him to the bus, he became upset and sick at his stomach, so he did not go. A week later we drove him to the camp and again he became sick at his stomach. At that time I did not realize that his sickness was mental.

"This summer he again planned on going to camp (we did not urge him to go), and two days before the date to go he became nauseated again, vomited, was completely upset and would not go. . . . He has experienced the same kind of sickness whenever he has changed schools and when he was inoculated, etc.

Must Face It

"My husband and I have talked this matter over and have decided that he must learn to face these new experiences or he will not be prepared to meet them when he is on his own. We have not mentioned camp to him since this happened. Another two-week period begins soon and we think we will simply announce to him the day previous that we are driving up that way on business and will drop him at the camp, and go through with it though he gets sick again."

I urged this mother that she and her husband stick to their resolve. I sincerely trust that they did. It would be about the kindest thing they could do for that lad. Unless they faced this problem and made the boy face it and pay the price, he will become enslaved to a mechanism which will hamper and torment him all his life, as well as being a source of annoyance to others.

Other Instances

In my files are a number of letters about younger children who have learned to escape Sunday school and day school by means of nausea or vomiting. Sometimes the child will complain of being sick at the stomach when someone talks of school. Sometimes this complaint appears only on school mornings, or as the time for going to school approaches. Some children having trouble with a certain school subject get nauseated when the time for that subject arrives.

Let me warn my fellow parents to be on guard against the child who plays sick to get out of what he doesn't want to do. If, for example, you suspect your child is not sick on a school morning when he says he is, check with a thermometer, or have a doctor see him. At any rate, accept his claim that he is sick and put him to bed for the whole day without giving him too much attention. If there is a case of vomiting in respect to going to school, once the doctor has reassured you, see that the youngster goes, and let him vomit as much as he can.

Solving Parent Problems

O. Suppose you were the mother of a child two years old and he deliberately and maliciously kicked you.

A. Whether I were the father or mother I would instantly turn that little tyke over my knee on his tummy, bare his bottom and lay on the hand, making it hurt enough to make him unlikely to kick me again.

MAN AND CHEMISTRY

If we be nothing but carbon and water
And sulphur and iron in proper blend;
If chemists can reckon up son and daughter
And carry them out to the formula's end,
Why since a balance precise they strike,
Should not men and women be all alike?

All things else which the chemists learn
Over and over again they prove;
All other compounds freeze or burn
And constant stay to their charted grove.
But measured and weighted to the fraction true,
Nobody knows what a child will do.

Iron is iron and steel is steel
Follow the formula through and through
And the cold result will at last reveal
That four is the answer to two times two.
But measured and weighed as best they can
Not all our chemists can make a man.

Some of the saddest tragedies befalling modern girls traveling alone have resulted from their responding to overtures from strangers met in railway trains, buses or public places. Too often the polite and courtly stranger is a wolf in sheep's clothing—mayhap a procurer or even a degenerate who will not hesitate to use drugs in order to further his sinister motives. Such agents of evil constantly travel. And it is as dangerous for a girl to be "picked up" in a public conveyance as in a private automobile.

Readers' Questions Answered

Dear Miss Markel: Who should propose the toast at a golden wedding anniversary dinner given by the children of the "bride and groom"?—Daughter.

Answer: Usually the eldest son proposes the first toast. If there are no sons, the eldest daughter should do so. The youngest grandson or granddaughter may propose another toast.

If the friend who acted as best man at the wedding is still alive and at the dinner, he usually makes a speech in honor of the bride and groom. Or any other survivor of the wedding party may do this.

What's What At A Glance

Rome-Berlin Axis Believed Broken
Il Duce's Attitude Is Indication
Mussolini Emphasizes Neutrality

By CHARLES P. STEWART
Central Press Columnist

WASHINGTON, Sept. 22.—American diplomacy is surer every day that Fuehrer Hitler's and Duce Mussolini's axis is busted. Nobody says so offically, but the general tenor of individual and (strictly sub rosa) comment in the government's departmental circles is unmistakable.

If Italy were simply passive for the time being in the present situation, its quiescence might not be taken as so significant. The emphasis it lays upon the neutrality of its position is what attracts attention. Il Duce is positively noisy about it. This strikes Washington as queer, considering how chummy he and Der Fuehrer appeared to be until recently. If he simply didn't go into the war to help Adolf, perhaps it wouldn't be so peculiar, but he seems to be trying to rub in the idea that he isn't doing so.

Moreover Rome has agreed to an Anglo-French bottling up of the western end of the Mediterranean, at Gibraltar, and of the eastern end of the same sea by Turkey—provided that these two outlets are left open to Italian shipping. Such acquiescence is regarded as almost outspokenly unfriendly to Germany.

However, observers think they can see why Benito is dead sore on Adolf. He evidently figures that the latter played him for a sucker.

On the Spot

Along his Siegfried line of fortifications, on his French frontier, Adolf obviously deemed himself capable of standing off France and the British while he attended to Poland. But he didn't want the western democracies breaking in on him from the southward, by way of northern Italy. So he framed up the axis with Benito.

Thus the Italians were supposed to protect Germany against attack on its southern border and to look after the Mediterranean.

Everybody knows that this was too big a contract for Italy to handle.

Undoubtedly Adolf knew it but reckoned that Benito would delay the democracies long enough to permit him to clean up Poland, leaving him free to swing his own forces in a southerly direction. Meantime, if Benito had performed as Adolf plainly expected him to, northern Italy would have been trampled all over by the democracies' troops, with no prospect of getting anything in return. But Adolf wasn't worrying about Italy; all he had in mind was Germany's interest.

Benito unquestionably also was aware that northern Italy would be invaded if war broke out in short order. Where he made his mistake was in assuming that Adolf wouldn't go ahead as fast as he did. His notion apparently was that Germany would gain ground by degrees, with Italian moral support; that Italy gradually would gain from German support—and in this fashion they'd slowly nibble in on the democracies without any actual fighting.

In reality Adolf didn't propose to do any gradual nibbling, though.

He still had his eastern frontier to take care of and he needed a source from which to draw raw materials in case the British navy blockaded him. His dicker with Russia followed, to provide for these contingencies.

Holding the Sack

Benito didn't like the Russo-German pact even a little bit.

Adolf manifestly is the kind of Nazi who can stomach Communists if he can use them, but Benito is said to be a genuinely conscientious Fascist, who revolted at belonging to an axis with Joe Stalin in it.

It's pretty well established now that Adolf told him nothing about his negotiations with Joe until after the deal was consummated.

So much having been accomplished, Adolf precipiated a war immediately.

Germany may get something out of it—a whole lot, if Adolf wins or breaks even. Russia doesn't stand to lose anything anyway. But Italy's prospect, if Benito stood pat with Adolf, didn't amount to anything better than having the northern end of the peninsula turned into a battle ground, having its ports blockaded and spending barrelsful of money for nothing.

In short, Benito was to be placed in the position of holding the sack.

The Great Game Of Politics

By FRANK R. KENT
Copyright, 1939, by The Baltimore Sun

Let's Not Run Wild

WASHINGTON, Sept. 22.

RECENTLY Senator Vandenberg, of Michigan, pointing out that this country is not at war, urged that we not let the European conflict cause us completely to ignore happenings at home. That is timely and it makes sense.

THE war, of course, presents new and grave problems in the handling of our foreign affairs. It imposes burdens upon the President, upon Congress, upon the newspapers, upon business, in fact upon all classes of citizens, which were not there before. And whether or not we ultimately become involved there will be few whom it will not affect. It is trite to say that there is need for cooperation and non-partisanship and an altered point of view about a good many things. And certainly the European fighting colors and, to some extent, changes, the whole American scene. However, we are, as Mr. Vandenberg says, not in the war. We are likely to be neutral for a long time and we may be able to keep out altogether. That is what a vast majority of the American people undoubtedly hope and that is the objective which every public man and politician proclaims as his own.

BUT that does not mean that the foreign crisis should be permitted entirely to obscure every domestic issue and make us completely forgetful of the situation in our own country which before the outbreak of the war was one which many thoughtful men viewed with great concern. There is a disposition in some Washington quarters to insist that nothing now counts except the war and that it is reprehensible to criticize or even recall the things which loomed so importantly in the public mind a month ago.

THAT does not seem wise from any angle, except, perhaps, that of New Deal politicians, who would benefit by a complete blackout of domestic questions. But, to adopt this policy of forgetfulness now is to lose our sense of proportion and contribute toward a popular psychology that will enhance the chances of getting in rather than of staying out. If, in the end, we find, as many think we shall, it impossible not to become actively involved on the side of England and France, then both criticism and comment will go "out the window" and the war blanket everything. But, until that time comes—if it does—it appears poor judgment to submerge every domestic consideration to the foreign crisis and become mealy mouthed, tongue tied and self-conscious about matters which concededly were important a very short time ago—and still are.

NO good purpose is to be served by such a course. On the contrary, so long as there is opportunity to speak and write without detracting from the national unity essential in foreign policy, it would appear a public service to proceed on normal lines while we can. For example, although the President has called a special session to consider a neutrality program which is indorsed by leading anti-Administration figures, in Congress and out, there is no reason utterly to disregard the fact that the finances of the nation are in an extremely disordered and dangerous state—and that complete absorption in the war situation will increase both the disorder and the danger.

FEW persons will dispute that in war, even more than in peace, sound national credit and a strong fiscal position are indispensable assets to national defense. One of our immediate perils is that the war excitement will so distract the public attention that there will be no check whatever on the pouring out of the Federal funds and, if we succeed in keeping out of the actual conflict, we will discover that our progress toward national bankruptcy has been greatly accelerated. Reports of Administration plans to enlarge the "personnel" of the civil as well as the army and navy personnel are disturbing. Many things have got to be done, but there is no use running wild, and some of the Washington planners indicate an eagerness to do exactly that.

A FEW days ago the Civil Service Commission reported that there are now 925,260 persons on the Federal pay roll of the executive branch, which is 67,436 more than this time a year ago. The 1939 pay roll, exclusive of increases in the armed forces, is $144,000,000 up over 1938. Within the past week announcement of heavy increases in the personnel of one department after the other has been made. No action of Congress is required for this. The President has full power and is using it. Perhaps these new jobholders are needed, but at the rate they are going on it will not be long before the million mark is passed and the expenses of the Government given another push upward, which means greater deficits and diminished Federal financial security.

THERE is nothing in the foreign situation to justify many of the most recent increases. If the ad-

CENSORED

In all this welter of war talk; with armies being set in motion and millions of men wondering what it is all about, where they are going and what is going to be the end, the humorist is yet able to write something concerning the principals in this great Play.

It is generally an American humorist who does this, for boast as we will about ourselves, there is one thing that the American possesses that no other people on the face of the earth possess and that is a sense of humor.

One of the latest quips concerning Herr Hitler, Signor Mussolini and Prime Minister Chamberlain is concerning an alleged fishing trip upon which the three were participants. They journeyed to a river noted for good fishing. Chamberlain fished on one bank and the other two opposite him. Chamberlain caught fish after fish, but the Feuhrer and the Duce were unable to get a bite.

"How do you do it, Neville?" they shouted across the water. "There don't seem to be any fish on our side."

"The fish are here, all right," replied Mr. Chamberlain, "but they daren't open their mouths."

Leviathan May See Further Sea Service

By CLINTON GREEN
International News Service Staff Correspondent

NEW YORK, Sept. 22.—Belief that the giant steamship Leviathan, which was used to transport thousands of American doughboys across the Atlantic in the World War, was not destroyed when she was bought by British scrap dealers and could have been turned into a troop ship was expressed today by Richard B. Rodermond, marine engineer and one of the crew which manned the liner on her last crossing.

"It's just an idea we had," said the 33-year-old Glen Rock, N. J., engineer. "When I left her at the Firth of Forth in Scotland she was in good shape except for her boilers and few trans-Atlantic liners of today could outspeed her.

"I could not understand why they would destroy her and neither could the English crew members."

The Leviathan was built in Germany in 1914 at a cost of $25,000,000. Sailing under the name of Vaterland, the ship made but one and one-half crossings for she was interned here when this country declared war and later was taken over as a United States troop ship. More than 100,000 American soldiers were transported to the European war theatre and on one trip she carried 11,470 men.

After the war she became the flagship of the United States Lines but stiff competition from other ships and the huge operating cost (she is reported to have lost about $100,000 each trip) forced the line to take her out of service in September, 1934.

The vessel—48,943 gross registered tons, 908 feet long and 100 feet in beam—left Hoboken January 25, 1938, destined for the scrap pile after a bid of $732,000 from Metal Industries, Ltd., was accepted by the United States Lines.

Rodermond said he had not heard or read anything about the Leviathan being broken up since she was taken to Scotland. He pointed to the liner Majestic, a sister ship, to substantiate his belief that the one-time pride of the German merchant marine was not destroyed.

"The Majestic was taken out of service and converted into a training school ship by the British," Rodermond said. "The work was completed near the end of 1936 at considerable cost. She had room for about 20,000 bunks, according to English engineers who said with additional fuel storage tanks she could cruise for 8,000 miles and act as a mother ship for subs.

"The Leviatnan was of no value as a commercial vessel and it would cost just about as much to turn her into a training school ship as was the case of the Majestic. The American engineers and the English crew members on the way over discussed this and they did not believe she was headed for the scrap heap."

The one-time largest ocean liner afloat was in fair condition before she left Hoboken although her paint had peeled. It was necessary to cut down her huge smoke stacks and masts to facilitate passage under the Firth of Forth bridge.

The vessel contained valuable furnishings but an inventory disclosed that approximately $75,000 worth of valuable rugs were either destroyed or stolen while the ship was tied up. When the rugs were unrolled it was found that only the borders remained—the centers had been neatly cut out.

"The Leviathan was in good shape," said Rodermond. "She made the crossing under her own power. We only needed between two and three months to make her ready for the crossing although she had been tied up for nearly four years. Only her boilers needed a little work and she could have been fitted out in the same way as the Majestic at about the same cost."

Elks Will Join In McKeesport Rites

Fiftieth Anniversary Of McKeesport Lodge Will Be Observed Next Week

More than a score of Elks from the New Castle district are expecting to go to McKeesport next week to participate in ceremonies and entertainment marking the fiftieth anniversary celebration of McKeesport Lodge No. 136, B. P. O. Elks.

Fred K. Schuller, former Ellwood City and New Castle resident, and brother of Mrs. W. H. Nunley and Mrs. Harry Polding, of this city, is a member of the general committee in charge of the celebration. Mr. Schuller, assistant city editor of the McKeesport Daily News, is in charge of publicity.

Many from here have made reservations for the anniversary banquet Tuesday night when J. E. Masters, of Chicago, past grand exalted ruler, will be the principal speaker. Other national, state and district officials of Elkdom will attend.

The celebration will continue through the week and will be climaxed by the anniversary grand ball Saturday night.

Ralph Fisher Gets Another Promotion

Named Master Car Builder For B. & O.—May Be Able To Remain Here

Almost before he had gotten properly into his work as car foreman for the Cincinnati terminal of the Baltimore and Ohio railroad, Ralph B. Fisher, of New Castle, has been given another promotion, this time one that carries him into the system executive class.

Mr. Fisher has been made master car builder for the Baltimore and Ohio railroad, between New Castle and Chicago and Cincinnati and Sandusky, O. Where his headquarters will be is not certain, but there is a possibility that he may make New Castle his headquarters.

Recently he was promoted from general car foreman at New Castle Junction to general car foreman of the Cincinnati terminal. In this position he had supervision over six car shops. In his newest job he will have supervision over all shops from here to Chicago.

of Germany had a conference on the war's eve and reports are that it wasn't so much a conference as a dogfight.

They say Ciano expressed Il Duce's opinion that Der Fuehrer's plan is to mop up Europe and that Adolf also intends to mop up Italy, if he succeeds, as soon as he gets around to it.

Furthermore, diplomatic dope is that Il Duce is personally jealous of Der Fuehrer, dislikes him like everything, and considers him cuckoo.

Be all that as it may, Benito is vociferously neutral.

Believes Bremen Berthed In Russia

Declares Plans Made To Take Ship To Russia Over Year Ago

By WILLIAM G. GAUDET
International News Service Staff Correspondent

NEW ORLEANS, La., Sept. 22—Plan to berth the German passenger liner Bremen in a Russian port were completed more than a year ago, Baron Edgar Von Spiegel, consul general for the largest German consulate in America told International News Service today.

The Baron insisted the Bremen was safely berthed at Murmansk, Russia, despite recent reports that the big liner had been captured by British warships. The Breman sailed from New York August 30 and many reports and rumors as to the ship's fate have been heard.

Baron Von Spiegel who, as a German U-boat commander sent many Allies ships to the bottom during the last great war, said plans to send the Bremen to Russia were revealed to him last year by Captain Ahrens, commander of the great ship.

No explanation was forthcoming as to why a Russian port should have been singled out. At that time Russia was considered friendly to the British-French bloc.

The Baron said that while he was returning to the United States aboard the Bremen shortly after the crisis which led to Munich, he questioned Commander Ahrens as to his action in the event of war.

Then it was, Baron Von Spiegel said, that Commander Ahrens told him of the plan to take the boat to Murmansk in the northwestern tip of Russia.

Pittsburgh Symphony Is Donated $50,000

(International News Service)

PITTSBURGH, Sept. 22.—Donation of $50,000 so that the Pittsburgh symphony orchestra can visit every high school in the city during this and next winter was announced today by the Buhl Foundation.

Charles F. Lewis, director of the Foundation, said the money had been donated so that 37,000 high school boys and girls might enjoy the culture of classical music. The project makes Pittsburgh the only city in the nation ever to give free concerts of this standard.

Half of the $50,000 guarantees 30 high school concerts during the coming winter. The other $25,000, for another 30 concerts, during the 1940-41 season, is promised on the condition that the symphony orchestra suceeds in raising through contributions from other sources at least $275,000 for its current two-year program. The orchestra has already raised $218,000.

TOMMIES SING ON WAY TO WAR

These British soldiers en route to an embarkation point, from where they will be speeded to the front lines on the western front, sing new war songs. It's no longer "Tipperary" but a parody on an American song with the lines, "Pack Up Your Goebbels in Your Old Kit Bag and Heil! Heil! Heil!" Another popular song, based on a "Snow White and the Seven Dwarfs" tune is "Heigh Ho! Heigh Ho! It's Off to War We Go!"

Dr. Dafoe's Column On The Quintuplets And The Care Of Your Children

(Copyright 1939, King Features Syndicate, Inc.)

INJECTIONS GIVEN WHEN PATIENT'S CONDITION AND TYPE OF DRUG MAKE IT NECESSARY

Yesterday I quoted a letter from an anonymous writer complaining that doctors unnecessarily increased the cost of treatments by giving hypodermic injections instead of pills or capsules.

When a doctor wants to treat his patient with medicine which can be either taken orally or injected, he will almost invariably use the capsule form. But the writer of this letter took the attitude that whenever a treatment is given by hypodermic, it is because the doctor didn't want the patient to have the cheaper treatment. Actually there are many reasons why the hypo treatment cannot be supplanted by any pills or capsules.

Supposing the patient's illness includes an upset stomach. If we give him medicine by the mouth how do we know that it will not aggravate his already sick stomach? How do we know the patient won't vomit the midicine up again before it has a chance to do him any good? It would be a very foolish doctor in such a case who would take a chance of having the patient swallow the medicine when a hypodermic injection would be much more efficient. At other times, too, a patient is unconscious or semi-conscious and cannot swallow, and then the doctor has no alternative but the needle.

Sometimes extended treatments by injection are given because the medicine to be administered will not take effect through the stomach. The drug has to reach the blood stream to do any good, and many drugs when administered by mouth just pass through the stomach and the excretory system just like other waste material. When this is the case, the doctor must discard the capsule for the needle and thus inject the drug directly into the blood stream.

Insulin is a good example of such a medicine. As you know, it is used in the treatment of diabetes. It saves the lives of thousands of people every year who would otherwise waste away to a slow death. Of course it is an inconvenience to pierce the skin every day to administer this insulin; it would be much easier to take it in a capsule. But it wouldn't do a bit of good that way for it would just pass through the digestive system unabsorbed and the patient would continue to waste away.

Science is not blind to the fact that it would be easier to take insulin by the stomach. Efforts have been made to develop this method but so far it has met with no satisfactory results. It must be injected to reach the blood stream.

There are a great many drugs like insulin which are useless when given in pills or by capsule. The digestive system just does nothing with them except cast them off as waste material. Toxoids and the various antitoxins are in this class So are shots for hay fever and serums for snake bits.

In fact I think you will find that the writer of that letter I quoted yesterday was unjust in his accusation. Doctors do not give injections because they want to keep the patient coming to him, to collect a larger fee. When they give injections it is because the patient's condition demands it or because the drug is useless when given any other way.

Relief Cases Being Checked

MERCER, Pa., Sept. 22.—About 10 auditors from the state auditor general's office were in Mercer County today "spot checking" relief cases in an effort to weed out chislers, Roger Ormond, executive director, said.

Mr. Ormond said the check is a routine one that has been carried on in other counties of the state and that the checkers interview some relief recipients on a countywide basis and then check their findings against care records in the headquarters in Farrell.

The interviewers were in the field today and probably will work in the office tomorrow, Mr. Ormond said.

SEVENTH WARD NEWS

James Herbold Gets Position With Chain Firm

Seventh Ward Merchant Accepts High Place With York, Pa., Company

James Herbold, manager of the Isaly store in Mahoningtown, has accepted a high position with the McKay Chain Manufacturing Company in York, Pa. According to reports, Herbold will begin his new duties on Monday as assistant manager in the general offices of the company at York.

This firm is a well known manufacturer of automobile skid chains. Herbold is well fitted for the position, he being a graduate of Bethany College and having had two years' experience with the Goodyear Tire and Rubber Company.

Sister Of Local Woman Passes Away

Mrs. Alice Hammond, Lafayette street, has been called to Hanoverton, O., by the death of her sister, Mrs. Sylvia Lovick Kelton, who passed away at her home Wednesday at 10:45 o'clock following a short illness.

She is survived by her husband, C. P. Kelton and by four children, Fred, Lucille, John and Phillip all at home. Three sisters also survive. They are, Mrs. Alice Hammond, Lafayette street; Mrs. Josephine Pettitt, East Liberty, Pa.; and Mrs. Lottie Badger, Harlansburg road.

Mrs. Kelton was preceded in death by her brother, C. J. Lovick, who died in Buffalo, N. Y., three weeks ago.

Funeral will be conducted Saturday at 2 p. m. from the Christian church at Hanoverton, O., and interment will be made in the Hanoverton cemetery.

Cast Presents Play At Worthington, Pa.

"The Centurion's Servant" was again presented by a cast from the Madison Avenue Christian church Thursday night at the Worthington, Pa., Presbyterian church.

Ten in the cast from the church motored to Worthington for the presentation. James Cardella took the role usually handled by Rev. Milton E. Shearer, who at present is out of town.

NEWS BRIEFS IN WARD DISTRICT

Business seems to be on the up and up in the Seventh ward. Nearly everyone that you talk to on the street reports that he has been called to report to work in a very few days.

Officer Frank Reynolds reports that it has been many years since he has seen traffic so heavy going through the Seventh ward. He stated today that most of the traffic goes through the ward in the morning hours.

Another sign that winter is not far off is the fact that many people have been seen removing porch furniture and putting it safely away until next season.

Many tons of ashes are being used in building new tracks and roadbeds at the Pennsylvania railroad car shops.

Mail box in front of the Mahoningtown Post Office is reported to be needing some attention. The paint on the box is chipping badly and needs replacement.

Football players at the Mahoning school are anxiously looking forward to the opening game with Struthers, O., on October 5. This game will be played at home.

Quite a number of beautiful flower beds may be seen in various places about the ward. Some of the more attractive ones may be found along North Liberty street and West Madison avenue.

Making Football Field At End Of Clayton Street

Members of the Mahoning Mustangs Athletic Association are hard at work changing the field at the end of West Clayton street from a softball field to a football gridiron.

The Mustangs plan to erect goal posts at this field and use it as their home field during the coming season. According to Coach Frank Humphrey, practice sessions for the team will be started just as soon as the field is completed.

This field was created at the beginning of the softball season by workmen from the city street department. The playing field is located on city-owned property, and makes an ideal ball field.

GRASS FIRE

Firemen from the Seventh ward station were called to North Liberty street, just outside the ward Thursday afternoon to extinguish a grass fire that was gaining considerable headway. The fire was quickly brought under control by the firemen.

BUILDING RAZED

The old Smith residence along Atlantic avenue, near the Oakland district, has now been completely razed. Workmen tore the structure down this week and are using the old lumber for other work.

MANY PETITIONS

Petitions are travelling about the ward in large number these days. There are several petitions addressed to congress, and asking that the country be kept out of war being circulated. Another petition was seen Thursday asking the retention of Albert Russo on the city police force. Russo has just completed his service as a temporary officer on the force.

SEVENTH WARD PERSONALS

Q. E. Davy, North Cedar street, has returned to his home after visiting in Sharon.

Mrs. M. C. Adams, West Madison avenue, visited Thursday with friends in Easy Brady.

Mrs. Charles Higgins and Mrs. Charles Smith, Shirleysburg, are visiting at the home of their sister and brother, W. H. Stubbs and Mrs. Alice Brumbaugh, West Madison avenue.

Mrs. Kenneth Walter and daughter, Vera Betty, of Willard, O., are visiting at the home of Mrs. W. E. Horner, West Madison avenue.

Mrs. Florence Allen, Harrisburg, is visiting at the home of Mr. and Mrs. W. R. Bollinger, West Madison avenue.

Driver's Uniforms Match Cab Colors

SYDNEY, Australia, Sept. 22 — New color is to be added to Sydney streets by the decision of the taxicab companies to uniform their drivers in tones that go with the color of the cabs—already the most colorful taxicabs in Australia.

Drivers of yellow taxicabs will wear khaki shirts and ties; bright green shirts will be worn by the drivers of green cabs, and another company is planning blue shirts for its drivers.

TIMES CHANGE

(International News Service)

BOSTON.—Instead of raising the tax rate to maintain public relief, the town of Barre in 1788 auctioned off the administration of poor relief, according to the Historical Records Survey of WPA. New Wilmington News

Rev. Sankey De Haven is the new pastor of the People's Tabernacle.

Mrs. William McCormick of East Brook was a recent caller on friends in town.

Prof. and Mrs. Russell H. Byler and daughter of Corry, Pa., spent the week end here.

Mrs. William Evans of W. Neshannock avenue, is a patient in the New Castle hospital.

Mr. and Mrs. Jack Robinson, a recent bride and groom are occupying the Comstock home during their absence.

Mr. and Mrs. James H. Thorndell of Greenville were the guests of Mrs. Thorndell's parents, Mr. and Mrs. Walter Shaffer on Sunday.

Mr. and Mrs. Howard Brown and son Billy were the guests of Mrs. Brown's parents, Mr. and Ms. Robt. R. Mounts on Sunday.

Mr. and Mrs. James B. Comstock, in company with Mrs. Comstock's sister, Mrs. James L. Cole, and Mr. Cole of New Castle are enjoying a southern trip.

William Mallory of Struthers, O., has returned to New Wilmington after an absence of several years. Mr. Mallory will enter the senior class at Westminster College.

Rev. S. A. Kirkbride, Rev. W. F. Byers, and J. LeRoy Thompson and Dr. R. F. Galbraith, were in Wampum Tuesday, where they attended the Shenango Presbytery which was in session.

Miss Alice Palmer was the hostess at the joint meeting of the Women's Home and Foreign Missionary Society of the local Methodist church at her home in Neshannock Falls on Wednesday afternoon.

The Earl Wilson home on East Neshannock avenue will be occupied this winter by Prof. and Mrs. Albert George. Prof. George is an instructor in the Romance language department of Westminster College.

The Christian Endeavor Society of the Neshannock Presbyterian church will be in charge of the union services to be held there Sunday evening. They will have as their guest speaker Rev. Edwin Shoemaker of Mt. Jackson, pastor of the Westfield Presbyterian church.

Miss Alice Palmer was pleasantly surprised last Friday evening, when her club associates of the Variety club motored to her home in Neshannock Falls to help her celebrate her birthday. Games and social chat were the pastimes of the evening, while a shower of lovely handkerchiefs, were given to the honoree, as a memento of the evening. A dainty lunch was served by the club members as a climax for the evening.

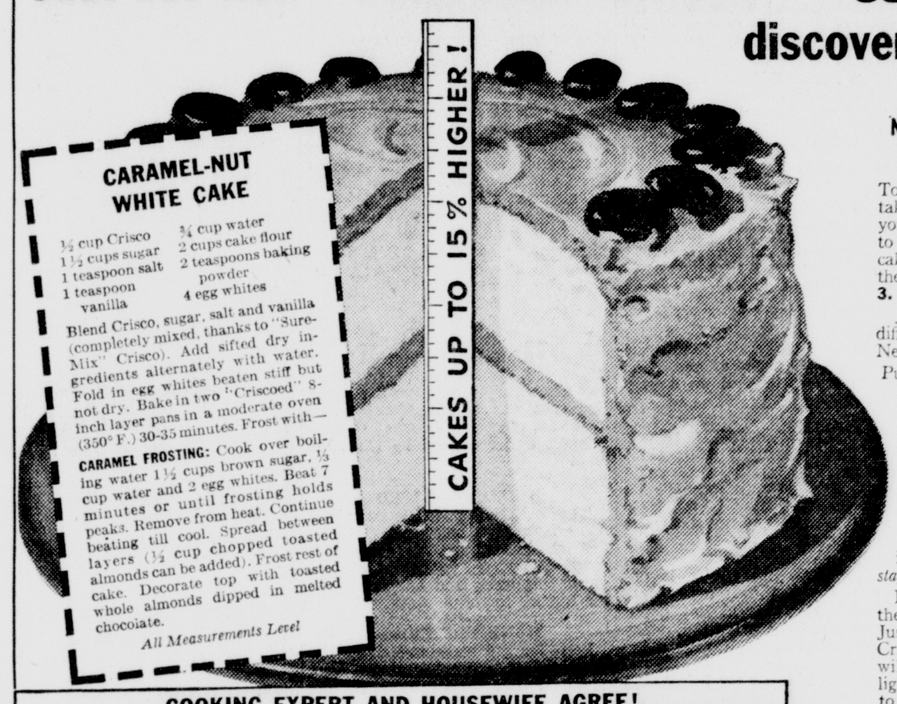
NEW! BETTER CAKES THAN YOU EVER BAKED BEFORE!

Just use New "SURE-MIX" CRISCO—biggest shortening discovery in 29 years!



CARAMEL-NUT WHITE CAKE

½ cup Crisco
1½ cups sugar
1 teaspoon salt
1 teaspoon vanilla
¾ cup water
2 cups cake flour
2 teaspoons baking powder
4 egg whites

Blend Crisco, sugar, salt and vanilla (completely mixed, thanks to "Sure-Mix" Crisco). Add sifted dry ingredients alternately with water. Fold in egg whites beaten stiff but not dry. Bake in two "Criscoed" 8-inch layer pans in a moderate oven (350° F.) 30-35 minutes. Frost with—

CARAMEL FROSTING: Cook over boiling water 1½ cups brown sugar, ½ cup water and 2 egg whites. Beat 7 minutes or until frosting holds peaks. Remove from heat. Continue beating till cool. Spread between layers (½ cup chopped toasted almonds can be added). Frost rest of cake. Decorate top with toasted whole almonds dipped in melted chocolate.

All Measurements Level

New "Sure-Mix" Crisco does things no other shortening does for you

Today you can open your oven door and take out a finer, better-eating cake than you have ever baked before. There is a lot to this promise. It means **1.** HIGHER cake—up to 15% higher, depending on the type of cake. **2.** LIGHTER cake. **3.** TENDERER cake.

Just one ingredient can make this big difference—your shortening. Change to New "Sure-Mix" Crisco!

Pure all-vegetable Crisco now brings you a vital scientific discovery. We don't know of any other household shortening that is like "Sure-Mix" Crisco—that does the things "Sure-Mix" Crisco will do for you.

Crisco's new type of batter

New "Sure-Mix" Crisco gives you more completely mixed batter. The ingredients seem to *flow* together. They *stay* together!

Let your favorite cake recipe show you the difference this new-type batter makes. Just make one change . . . use "Sure-Mix" Crisco. Our baking tests show your cakes will be a revelation—so much higher, lighter, tenderer—better-eating cake isn't to be had!

COOKING EXPERT AND HOUSEWIFE AGREE!

"Don't wait! Get New 'Sure-Mix' Crisco—and HIGHER, LIGHTER, TENDERER CAKES," says Mrs. Edna Riggs Crabtree who conducted cooking schools for 14 years.

"And Crisco Cakes Are BETTER-EATING—taste marvelous!" says Mrs. Albert G. Miller, housewife from Philadelphia, Pa.

FOR BETTER-EATING CAKES

IMPORTANT! Just ask for "Crisco" at your store—as usual. All Crisco is now "Sure-Mix." There's no change in hinge-top can or label—but oh, the difference in Crisco itself!

Another British Freighter Sunk

(International News Service)

LONDON, Sept. 22.—British merchant shipping suffered its 29th loss of the war today when the 1567-ton Arkleside was sunk, presumably by a German submarine.

An announcement by the owners said only that the Arkleside was lost, and her crew was landed safely.

The Arkleside was owned by Smith, Hogg & Co., of West Hartlepool, Eng.

Since the opening of the war on September 3, Britain has lost 29 merchant ships for a total of 141,573 tons. France has lost one ship, Germany four, and neutrals six.

BIG PEARL FOUND IN OYSTER, REPORT

ATLANTIC CITY, Sept. 22.—Harry Lehman, head oyster-opener at a seafood restaurant here, was $450 better off today, thanks to a pearl he found in a bivalve.

The pearl, about the size of a big pea, was in a prime oyster taken from a Great Bay bed, north of Atlantic City.

Tiny pearls are often found, but this was believed the largest of local record. It was sold to a Philadelphia restaurateur.

ODD BLUE JAY

(International News Service)

NEW YORK—A blue jay that doesn't screech like a blue jay, but coos like a dove, is a pet of George J. Koch, Forest Hills realtor.

The blue jay, named Jerry by Mr. Koch, screeched in conventional jay fashion after he was caught as a fledgling on a Forest Hills tennis court. After being fed worms and such, Jerry gave up screeching and took up a new language. He now whistles, immitates other birds and makes soft cooing sounds like a dove.

A little girl asked her father, "Are you an angel?"

"Well—er, not exactly," replied the father. "Why do you ask?"

"Well, I heard mommie say she's going to clip your wings" explained the child.

Liberty Grange Session Is Held

Liberty Grange met in the hall on Tuesday evening and after the business session, conducted by the master, S. A. Locke, an interesting program on "Safety" was presented. Those taking part on the program were Norma Livingston, Mae Locke, Olive McConnell, Wylda Emery and Mrs. Olive Forbes. The men answered roll call with "The Most Narrow Motor Escape I Ever Had."

Next regular meeting will be October 3.

Preaching services will be in the Grange hall on Sunday evening, September 24, when Rev. Chapin of Oak Grove will conduct the services. The Men's chorus will have charge of the music.

A booster meeting will be held in the hall on Friday evening, September 29 when Mrs. Jean McCracken will have charge of the program, which promises to be quite interesting This will be an open meeting.

Liberty Grange will serve the banquet which is being held in honor of the Past Masters of Pomona Grange and the Past Lecturers of Pomona Grange on Friday evening, October 13, in Liberty Grange hall.

"BEST BET'S BUICK"

The Human Side Of The News

(By EDWIN C. HILL)

Copyright 1939 King Features Syndicate, Inc.

With the opening of the intercollegiate football season at hand the old grad emerges from a twelve month seclusion and resumes his place in the weltspiegel, or, to put it in English, the world of pulsing affairs.

Too easily, too thoughtlessly, do we smile at the old grad whose spirit of youthful exuberance, be his age forty or seventy-odd, revives annually every fall, causing him to comport himself with all the mental ardor and in measurable degree the physical abandon of the ebullient undergraduate. Making fun of him is an established cliche of the columnist, the paragrapher and those sedate persons of middle age and beyond who have fotgotten they were once boys.

But let the philosopher dissect him analytically, and inevitably he comes upon fundamentals that compel sympathy if not respect and, indeed, I submit it compels both. It does at least to any human analyst who sees something fine, hence well worth while, in spirited adherence to an ideal, even though it be a fealty which in essence he who holds it does not himself understand.

* * *

But then, who does understand the vestigial idealism of youth wholly impracticable in their manifestations of unselfishness, sacrifice of self and blind devotion to the abstract? Basically there is your old grad. In his youth, in his beautiful prime, he walked musingly, or thought-free, as case might have been, through the vale of academe, the realistic world far away; comradeship was unseeking in its demands; there was time for dream and all latitude for spontaneity of soul.

Sunlight athwart an old gray ivied wall; the cool shade of a favorite stretch of turf under the trees; a bell whose sweet notes came to you over hills to where perchance you sat resting upon your oars after a leisurely pull upriver; or to where, in some retreat, at a brown table, you gazed at a foaming glass, joining in lazy converse, or perhaps a stave or two of song with companions whom you loved and will ever love, run the years as long as they may—you remember these things when college days are done; if you don't you ought to be ashamed of yourself. You will if you were the right sort of a boy and, for the man of whatever age who was the right sort of boy, these and so many more lovely memories never die; they abide and year by year their beauty deepens until they are hallowed.

"Thou, then, wert our mother,
The guide of our lives; We were moulded to manhood by thee;
'Til, freighted with treasures, life friendships and hopes,
Thou dids't launch us on destiny's sea."

So runs Harvard's anthem and so, in effect, runs the sentiment of the old grad, whatever and wherever his alma mater. And it's good for him that it does, just as it is good for any man who has room in his soul for aspiration.

* * *

There died recently a man who was my friend, a man stalwart in youth as in middle age, who had won honors on the gridiron of his university, Columbia. He never grew up. By this I mean he never outgrew the things that meant much to him in college—a certain rakishness of garb, an immense enthusiasm for his alma mater and unfading interest in the concerns of youth. Otherwise he was a man among men, successful in man's pursuits, a solid citizen.

We smiled over what we termed his juvenile side; we called him the eternal sophomore. But now that he has gone we all—all of us who knew him well—are wondering if this was not the sweetest and biggest and finest thing about him. For, after all, to what do all the manifestations of the old grad relate? To an ideal; purely and simply an ideal, a soul's effort to hold fast to old dreams in an age wherein dreams are at discount; to an ideal embodied in gray walls, in grouped elms, in old songs, in friends loved the while but now gone—embodied, in a word, in youth.

Think of these things sometime when you a non-partisan outsider, sit in a concrete stand some Saturday this fall, and see about you gentlemen of middle age or beyond, jerking their bodies in vicarious endeavor as one team or another advances, or tries to advance, the ball; or standing with bared heads, tears, perchance in their eyes as they sing:

"To thy bowers we were led
"In the bloom of our youth
"From the home of our infantile years—" or some other good old anthem written in the flush of youth and in the ardency of fealty.

DAILY DOZEN

(From the Medical Society of the State of Pennsylvania)

People do not die without cause. Yet apparently healthy people die a sudden death.

This is always a spectacular phenomenon.

It offers a problem for the physician at autopsy.

In some cases, autopsy shows responsible bodily changes.

In others, there appears no apparent cause of death.

This is especially true in sudden death of infants.

The heart most commonly shows anatomical changes at autopsy.

Changes in the brain show another frequent cause of death.

Pulmonary disturbance or shock often cause sudden death.

The liver may fail during prolonged alcoholic excesses.

Sudden death is dramatic and sometimes difficult to explain.

AMPHITHEATRE OF ANCIENT DAYS IS UNEARTHED

MILAN, Sept. 22.—Walls of an ancient Roman amphitheatre which, it was believed, once stood in what is the present centre of Milan, were unearthed today by workmen digging foundations for a new postoffice.

Work was suspended pending an examination of the ruins by archaeologists.

YOU see pictured here the magnificent automobile that value-wise is next year's No. 1 car.

That's absolute net. We who dreamed it, built it, tested it, tell you cold-turkey it is Buick at its unbeatable best.

Every one of its 12,000 parts is a better part than we've been able to make before.

Every one of its 44 different types of steel is the finest for its job that money can buy—five of its special alloys were not even in existence 10 years ago.

When this uncatchable smoothie went foxfooting through its paces on the General Motors proving ground, a ripple of wonder ran like quicksilver through the men who watched its going.

You'll feel it—you'll marvel, too—when you feel this incredibly active, staunch, exciting mechanism come alive under your hands—this car that brings to flower the best that Buick knows.

From the velvet velocity of its straight-eight Dynaflash engine to the superb way it handles and answers controls, it's as full of new-day features as an egg is full of meat.

Go see this beauty, drive this dream-come-true! All fire and sparkling spirit, it's a glory of gallantry-and-obedience on wheels.

It's yours for very little more per pound than you pay for a good cookstove.

It's a honey, it's a bearcat, it's a lamb!

War Fugitives Arrive Aboard U. S. Freighter

By JAMES L. KILGALLEN
International News Service Staff Correspondent

NEW YORK, Sept. 22.—Humor and tragedy were intermingled in stories related by war fugitives when the staunch little American freighter Schodack steamed gaily into port today. On the vessel's stern the words "America-France Line" was repainted to read "American," while large American flags were painted on her sides.

Some passengers were so devoid of baggage they appeared on deck in bathing suits and bath robes during the voyage. The officers and crew gave over their quarters to the women and children among the 63 passengers. Normally the freighter carries no passengers.

R. W. Savage, of Chicago, a Northwestern University student, and Jack Smothers and Ed Doucet, Evanston, Ill., high school graduates, reported their band instruments were "somewhere in Hamburg." They had crossed on the Hamburg-American liner "Deutchland," on which they had worked as musicians and were to sail back on the "Deutchland" on September 1. Due to the war the ship did not sail. Smothers lost a drum outfit and Savage a trunk full of music, a trombone and his wardrobe. Doucet was comparatively lucky—he is a piano player.

A grim story was told by Mrs. Emilia Sancho, widow of an American relief worker in Spain. She said her husband was executed "on Franco's orders" in Spain, and that she lost her two sons in the bombing of Barcelona. She was returning to live with her brother in Brooklyn.

Fought In Spain

On board were five men who had fought with the Loyalists in Spain. They worked their way back and looked fatigued as a result of their experiences in a prison camp.

A brave 16-year-old girl, Jacquelin Lathan, of Miami, Fla., was traveling alone. Her parents are divorced. She had been in Paris with her mother who works in the Chase National Bank there. When war broke her mother sent her home and she is planning to get to Miami to be reunited with her father, a contractor. She made fudge for the passengers.

She and other passengers reported they enjoyed the puppet shows put on nightly by George Prentice, American puppeteer.

William Frank, Consumers' Research, of Flushing, N. Y., told how he had crossed France with a German license plate on his car—and nobody stopped him. French Poilus thumbed rides from him but no one seized the car which he brought back with him.

Mrs. George J. Sabel, of Pittsburgh, Pa., got the last $20 in American money at the American Express office at Havre just before the ship sailed. Nearly all the passengers were short of cash. Some were dead broke.

Captain Waldon Wollaston, of New Rochelle, N. Y., the skipper, said the Schodack left Havre September 9. He saw no submarines but heard eight or nine general SOS calls from vessels being chased or attacked by submarines. They were too far away for him to go to assistance.

The Schodack headed a parade of five ships home from the war zone today. Others due were the Steel Mariner, the Marmachawk, the Drottingholm and the Bloomersdyk.

State Employment Service Officials Meet In Harrisburg

Will Try To Form Measures To Meet Increased Demands Of Business Upturn

(International News Service)

HARRISBURG, Sept. 22.—Every county in Pennsylvania was represented today at a conference of state employment service officials called to form measures to meet the increased demands of the business upturn.

Total claims for unemployment compensation have been consistently declining, with substantial reductions noted in both original and continued claims, according to Ernest Kelly, executive director of the unemployment compensation division.

Additional indications of returning prosperity were seen by Franklin Connor, associate director of the service, in these claims:

Placements have risen from 5,000 per month early in 1939 to alomst 10,000 monthly.

Referrals have increased from 12,000 monthyl early this year to more than 20,000, and first original claims for job insurance dropped from 28,436 in January to 19,273 in August.

BOY SCOUTS OF NEW CASTLE

HIGHLAND TROOP

Highland Boy Scout Troop 18 resumed meetings for the fall and winter season Tuesday evening. Many of the scouts plan to enter the Sea Scout Patrol and a number of the boys have moved away.

Both of these moves have left quite a few vacancies in the troop that will have to be filled in the near future. Boys in the Highland church neighborhood who are interested in joining the troop will be welcomed at any meeting held weekly on Tuesday nights.

Plans for winter were given and a short play period filled the hours of the scouts.

SMYRNA ROCKED BY QUAKE TODAY

(International News Service)

ISTANBUL, Sept. 22.—A violent earthquake rocked Smyrna and surrounding areas today, causing panic and possible heavy casualties.

Several severe shocks were felt at Pergame, Kotchili and Fotcha. More than half the houses in the affected area were reported destroyed.

(Editor's Note: Half of Smyrna was destroyed by a cataclysmic fire in 1923. Five years later, the reconstructed city was hard hit by an earthquake.)

Nazi U-Boats Have Stopped Fishing Boats

Make Offer Of Exchange Of Brandy For Fresh Fish

(International News Service)

BOSTON, Sept. 22.—Nazi U-boats have stopped Boston fishing vessels on George's Banks, off Cape Cod, and on the Grand Banks of Newfoundland, offering to exchange rum and brandy for fresh fish, it was learned today.

The revelation by fishermen came as President Roosevelt disclosed that "foreign" submarines have been sighted in North Atlantic and North Pacific coastal waters.

The presidential announcement followed a mystery dash seaward during the night of the United States destroyer Leary, which returned as suddenly as she departed.

First sub sightings were made shortly after the outbreak of the European war. One of the undersea boats reported off Pollock Rip at the southerly tip of Cape Cod was found by coast guardsmen to be an American U-boat.

On Tuesday of this week a submersible was seen off Devil's Island, less than five miles from Halifax. Three destroyers dropped several depth bombs near the island but the discharge brought up nothing but great geysers of water.

Later in the week crews of two fishing boats reported they were hailed by Nazi U-boats off George's Banks and the Grand Banks off Newfoundland.

MANY ARRESTS AND EXECUTIONS IN RUMANIA

Slaying Of Premier Is Followed By Round-up Throughout Nation

By JAMES E. BROWN
International News Service Staff Correspondent

BUCHAREST, Sept. 22.—Wholesale executions of members of the anti-semitic, openly Fascist iron guard were carried out today as King Carol of Rumania exacted stern reprisals for the assassination of Premier Armand Calinescu in the streets of Bucharest yesterday.

The bodies of nine of Calinescu's assassins lay in their own blood on a Bucharest street corner, grim warning to all terrorists that any further acts against the state would meet with extreme measures in retaliation, members of the iron guard were rounded up in a series of sweeping raids throughout the country.

Of 150 iron guardists interned in a concentration camp in Transylvania, 44 were shot and killed.

Arrests have been made in nearly all Rumanian towns and cities, and while any estimate of the total number of executions was sheer guesswork, it was apparent that many terrorists—scores if not hundreds—had been made to pay the penalty for the tragedy enacted in Bucharest yesterday.

All members of the iron guard in the town of Neusulitza, Bessarabia, have been arrested and taken under heavy guard to Cotin for questioning.

One of those taken into custody was shot in attempting to escape.

As was done in Bucharest itself, an iron guardist in each of the towns of Rokshani, Anjud and Pacniu was executed and his corpse left lying in the street for all to see.

Projeshti, home town of a number of the assassins who slew Calinescu and announced his killing over the radio in a brazen coup paralleled only by the Nazi slaying of Chancellor Engelbert Dollfuss of Austria, was the scene of numerous arrests and executions, although the total taken into custody or killed was not known.

Wedding In College Chapel Saturday

College Romance Will Be Climaxed In Wedding On Saturday

(Special To The News)

NEW WILMINGTON, Sept. 22.—A four-year-old college romance at Westminster college will bring two graduates back to the campus for a chapel wedding Saturday, Sept. 23, when Miss Marjorie Dunn of Beaver Falls will become the wife of James W. Ramsey of Oil City.

Miss Dunn, daughter of Mr. and Mrs. G. J. Dunn, Beaver Falls, was a member of Chi Omega sorority, queen of the block-W ball, and a May queen attendant. Mr. Ramsey, son of Mr. and Mrs. J. W. Ramsey of Oil City, was a member of Kappa Phi Lambda fraternity and student football manager.

Assisting in the wedding ceremony will be Miss Mary Elizabeth Grounds, Roaring Springs, at the organ, and Miss Agnes Donaldson, Midway, and Miss Miriam Cassity, Burgettstown. Dr. R. F. Galbreath, president of Westminster college, will officiate at the services.

Easy way to make Coffee Cake with quick-mixing Spry

● Quick-mixing—yes! Spry creams faster. Stays fresh longer, too. And it's purer. Three big advantages and only Spry gives you *all three!* Get Spry today—try this fine recipe.

QUICK COFFEE CAKE
Light, tender — and so easy

2 cups sifted flour	¾ cup milk
3 teaspoons baking powder	1 egg, beaten
¼ cup sugar	1 tablespoon butter
¾ teaspoon salt	1 tablespoon flour
¼ cup Spry	2 tablespoons brown sugar
¼ cake compressed yeast	½ teaspoon cinnamon
	2 tablespoons nuts, chopped

Sift flour with baking powder, sugar and salt. Cut in Spry until mixture is like meal. (Done in a jiffy with this smooth, creamy shortening.)

Crumble yeast into milk and stir until dissolved. Add egg. Add to flour mixture and mix. Spread dough in 8 x 8-inch Spry-greased pan. Let stand 30 minutes.

Melt butter and brown. Mix with remaining ingredients. Sprinkle over dough and bake in moderate oven (375° F.) 30 to 40 minutes. Serves 6. Notice how delicate this Coffee Cake is, how beautifully it holds its fresh-baked flavor.

(All measurements in this recipe are level)

Babson Says Foreign Bonds Are Hazardous Investment Project

(By Roger W. Babson)
(Copyright, 1939, Publishers Financial Bureau)

YOKOHAMA, Sept. 22.—The war has changed the business and investment picture overnight. It has sent American business hurtling forward in one of the sharpest rises in its history. It has radically marked up or down the prices of securities. It has loaded the investor with new problems. Steels, oils, coppers, sugars, coals, have skyrocketed. Yet, foreign bonds, particularly those of European countries and the British commonwealths, have plopped 10 to 20 points.

In recent days I have been asked by a number of my fellow travelers how I felt about the future course of Japanese, South American, and European bonds. After visiting Yokohama, I believe that Japanese bonds may be a good **Speculation.** It is too early to attempt an interpretation of the Russo-Japanese relations. If the Japanese handle their affairs properly, however, I feel that this island empire has a great future. The big question mark is: Will her leaders get a big head and try to push too far and too fast? I am told that Japan would like to hold what she has taken from China and call the war off.

BABSON

South America To Benefit

The new conflict in the Old World makes all European and South American bonds an even more hazardous speculation than usual. However, South American countries may benefit from rising prices of copper, cattle, coffee, oil, etc. Their trade should increase, but it is hard to visualize their bonds suddenly changing into investments. Denmark, Finland, Norway, Belgium, have—up to now—kept their bonds in the investment class, but the war has given them a tremendous jolt. Under current conditions, with huge expenditures for defense fastened to already top-heavy national debts, I cannot consider any foreign bonds as anything but speculations.

I cannot see why any American would want to put his money into foreign bonds. If anything should ever make us bitter toward **all foreign nations** it is the treatment that they have given American investors. At the end of 1938, over 600 issues of dollar bonds totalling about $6,000,000,000 were outstanding. Of this amount, 275 issues amounting to $2,000,000,000—one third of the total—were in default. Moreover, these figures do not include the war debts which these governments owe Uncle Sam.

How Investors Are Rooked

Here is a brief outline of what these racketeering nations have done to our investors: A foreign government defaults on its debt. Its bonds immediately drop to default levels which means they sell from 15 to 50 cents on the dollar. Holders of the bonds lose the interest that is owed to them. Some are forced to sell the bonds at huge losses. Meanwhile, the offending nation collects some cash. Instead of using this cash to pay bond interest and put the bonds back on an investment basis, the nation enters the New York bond market and buys its obligations at 20 to 50 cents on the dollar. Then it cancels the purchased securities and thus cuts its total debt and total interest claims.

The result is that the foreign nation benefits itself at the expense of the American creditor who has no come-back. This practice, called "repatriation", cost American investors over $2,000,000,000 in the last few years. European creditor nations have a clearing system that prevents this racket. For instance, up until the guns began to roar, Germany was paying on debts it owed to British and French citizens, but left Americans out in the cold. At least 20 foreign nations that owed money to United States' citizens have been "repatriating" their bonds. There have been official and private protests; attempts to halt the practice by supervising the market and by checking transactions; but nothing has been accomplished. The worst offenders are said to be Germany, Colombia, Yugoslavia, Rumania, Chile, Brazil, Hungary and Bolivia.

Nazis Worst Offenders

Germany has been, by all odds, the leader in the movement. It is said that her repurchase approached a quarter of a billion dollars. Chile and Brazil have repatriated over $100,000,000 worth of bonds. While these governments refused to pay what they owed to American citizens, they have squandered billions on armaments. Here are several examples of how foreign bonds have fared since the World War:

Some South American bonds

	Price paid by Americans	Date Bought	Price Today
Brazil 8's	97	5-21	15
Chile 7's	96	11-22	16
Peru 7's	96	3-27	10

Note: Total default on South American issues has been estimated at $1,200,000,000.

Some German bonds

	Price paid by Americans	Date Bought	Price Today
German 7's	92	10-24	10
German 5½'s	90	6-30	8

Note: Total default on German issues has been estimated at $873,000,000.

The above figures are wholly apart from the indebtedness of the Allies to us for money borrowed during the last war. Taking no account of interest, these countries today owe us a total of 12 billion dollars in war debts. England and France are our biggest debtors. They owe us about four billion dollars apiece. This is our reward for "saving Democracy" in 1917-18. It is one of the best arguments for us to keep out of "Round Two".

Keep Our Dollars Home

Hence, my advice is that readers should do their "digging for diamonds" in their own backyards. I am a staunch believer in diversification, but I beg you to seek it at home rather than abroad. It is difficult enough to keep posted on developments in North America without getting involved in the complicated foreign muddle. I have always opposed the purchase of all government bonds except those of Canada and the United States. Today, I am more opposed than ever to their purchase.

Rings Of Tree Have Some Uses

(International News Service)

NEW YORK, Sept. 22.—At the New York World's Fair you see a use made of something you never knew had a use—the rings of a tree. Trees grow a ring every year. When the year is dry, the ring is narrow; in a wet year the band broadens.

It iccurred to Dr. A. E. Douglas of Steward Observatory at Tucson that the broad and narrow rings might be used as a calendar, to determine the age of the prehistoric Indian cave dwellings in Arizona. By studying the rings in a living tree, the date of its planting can be determined. Timbers from old houses can be compared with these dates. And, once the calendar goes back far enough, it becomes a comparatively simple matter to date timbers and trees in the old Indian cliff towns.

Thus it is now known that the Mummy Cave Tower in Arizona was built between 1253 A. D. and 1284 A. D. Other prehistoric villages have been given their exact dates by the tree-ring method.

Miners Recalled In Mercer County

MERCER, Sept. 22.—Increased activity in Mercer County coal mines and receipt of new orders by a number of firms in the Shenango Valley today gave further impetus to the improvement in the county's industrial picture.

Miners were reported being called back to work at more than a score of county mines as demand for coal increased as result of improvement in industrial operations, and the normal pre-winter orders.

PHILADELPHIA HAS RECORD TOURIST TRADE IN SEASON

PHILADELPHIA, Sept. 22.—More people have visited Philadelphia this year than at any time since the Sesqui-Centennial year of 1926, according to B. Hubert Cooper, chairman of the Hospitality Committee of Philadelphia.

The Wordl's Fair and the booming of Philadelphia as an attractive tourist and convention city, he said, has been responsible for the influx of visitors.

Every section of the city has benefited, the committee estimates, from every tourist dollar spent here—hotels, restaurants, retail stores, amusements and garages directly, and, indirectly, the workers in these places and the business firms with whom they deal. Cooper is urging a continuous effort to bring Philadelphia its share of the nation's annual $5,150,000,000 tourist trade.

Mrs. Elliott To Head Important Red Cross Post

Will Have Charge Of Staff Assistance Corps For Lawrence County Chapter

WILL COMBINE MANY SERVICES

Due to the necessary resignation of Mrs. John S. Crowl, from the active service on the Lawrence County Chapter of the American Red Cross Board, a special meeting was held by the Executive Committee and Mrs. John E. Elliott was appointed to this most important position.

Mrs Elliott comes to the Chapter well informed on the services of the Red Cross and very able to carry on the difficult tasks which now confront every active Chapter. The Red Cross has had numerous calls from the National office to build up the volunteer service so that in case of any emergency the work may be carried on by trained people. In discussing the program with Mrs. Elliott, the plans have been formulated for a Staff Assistance Corps Course to be given sometime the latter part of October, to a group of women who will serve in key positions under the leadership of Mrs. Elliott. This Course is composed of twenty-three one hour lectures and gives a complete history of the Red Cross and its services.

Among the volunteer services which the Lawrence County Chapter will build is the Production Committee, a group who will carry on the supervision of all sewing and any work pertaining to surgical dressings and the like. The Motor Corp is a group of younger women willing to give of their time and their car for transporting members of the Chapter on any official business. The Canteen Service, is a service which functions not only in time of Disaster but during the year of any active Chapter. The Lawrence County Chapter has plans for a number of cost suppers for the different groups carrying on the activities such as Life Saving, First Aid, Home Hygiene, etc. The Staff Assistance Corps is a group training to step in and carry on certain office duties such as filing, registering victims of disaster, or filling in when the staff is not able to carry on the increasing duties.

There are other groups all of which will be discussed at a later date but Mrs. Elliott is assuming the leadership of the entire group and has assured Ralph F. Davis, chairman of the Chapter of her heartiest cooperation and the Board feels very grateful in being able to announce this appointment.

Urge Farmers To Plant Within Allotted Acreage

HARRISBURG, Sept. 22—Farmers were urged by the State Agricultural Conservation Committee to "plant within their acreage allotment's" in 1940, instead of boosting production because of the European war.

The committee said that today's world wheat supply is 5.3 billon bushels, as compared with 3.5 billion bushels on hand in 1914. World consumption today is only 30 per cent greater than in 1914, the Federal agency pointed out.

"It is probable that the world carryover of wheat on July 1, 1940, will be about 1,400,000,000 bushels, the largest on record and about double a normal carryover," the committee said. "When the 1940 crop reaches market next year it is expected to meet the competition of this huge carryover."

As for the acreage allotments, already fixed for 1940, the committee said the national figure was 32,000,000 acres and larger than the acreage harvested in the United United States any year from 1914 to 1918 "and with average yields will produce a crop equal to probable domestic and export needs, still leaving on hand the present large carryover."

Former Neighbors In Russia Meet After 31 Years

CINCINNATI, Sept. 22.—An out-of-the-ordinary "coincidence" story occurred recently, according to Ben Kushner, manager of the Virginia Dare women's apparel shop.

Kushner noticed two women and a man in the shop, staring intently at him. Finally the man approached him.

"Pardon me," he said, "but aren't you Ben Kushner, originally from Rizzi, Russia?"

When Kushner said he was, the stranger said:

"I was a great friend of your father in the old country. This is my wife, your father's first cousin, and our daughter. We are here visiting from Mexico City, where we moved from Russia 31 years ago when you came here."

Griff Thomas, candidate for school director in this city at the recent primary, and Walter Dudek, candidate for road supervisor in Union township, have filed expense accounts at the county commissioners office, showing that they expended less than fifty dollars on their campaigns.

County commissioners have received word that the state W. P. A. department will take over the distribution of clothing to relief applicants in this city. All the county will have to do is to furnish a room. The county has been paying two clerks in connection with this work, and the taking over by the state will mean less expense to the county. The clothing distributed is that made by the sewing project.

The newly remodeled mixed jury room came in very handy Wednesday night when a jury composed of eight women and four men, spent all night in it. As it is now planned, there are two rooms, connected by a stairway. The women's room is above, and is provided with chairs and a lounge, but it is said that the women who composed the William Cole jury did not find it necessary to use the lounge, despite the ages of some of them. Anyway it was a lot nicer, having a room where there was some privacy, as compared to the old jury room, where men and women were herded togetner all the time

Judge W. Walter Braham has handed down an opinion in the case of James Dacko against the Cartwright Hardware Company of Ellwood City, in which a new trial is granted.

In the equity case of Attorneys William D. Cobau, H. A. Wilkison and J. Roy Mercer, a committee of the Lawrence County Bar Association against Angelo J. Cassachia, Judge W. Walter Braham has handed down an opinion in which he decrees that the plaintiffs should file an amendment to the bill. As the bill was originally brought, it charged that Cassachia was practicing law without a license. It went into some detail in the general way, as to the alleged practices, but did not cite any specific cases. Cassachia filed preliminary objections to the bill, claiming that it was indefinite and dealt in generalities, and that he did not know what charges he was expected to refute. Arguments were made on the preliminary objections, and it was as a result of those arguments that the court has ordered a more specific statement, or amendment to the bill.

Prothonotary and Clerk of Courts John A. Edgar, has issued a trial list for sessions of common pleas court to be held during the weeks beginning October 9th, October 16th and November 13th. There are thirty-two cases on the list, some of them being appeals from the reports of viewers in some of the road damages cases in which awards have been made.

According to data received by Register and Recorder Orville Potter, from the Federal Home Loan Bank Board, there has been a decrease in the number of foreclosures so far this year as compared with last. The data is collected in the twelve Federal reserve bank districts of the United States.

Poland's Fate To Be Decided

Political Commission Meets To Decide Whether Buffer State Will Be Created

By PIERRE J. HUSS
International News Service Staff Correspondent

BERLIN, Sept. 22.—The German and Russian armies carved up Poland between themselves today while a political commission met in Moscow to determine whether a tiny buffer state shall eventually be created between Nazi Germany and the Soviet Union.

The military forces, it was announced in Berlin, "have now fixed the line of demarcation." It runs along the Pissek, Narew, Vistula and San rivers, placing Warsaw within the Reich but possibly allowing the Russians a foothold in the heavily fortified eastern suburb of Praga.

In any case, the Russians will be posted in a spot overlooking the capital where heavy fighting still rages after 15 days of seige.

Altogether, the Russians will occupy more than half of Poland, including the rich oil fields of Drohobycz. If a buffer state is created it will in any case be much smaller than anticipated.

After a short skirmish today a Polish armored train was captured at Kaluszyn. Several attempts to break through the lines at Praga were repulsed.

Russian troops replaced Germans at Lemberg (Lwow) while others were mopping up in the vicinity of Pinsk.

The American embassy was notified by telephone that seven members of the American consulate staff in Warsaw, including Consul General Davis, were among arrivals at Koenigsberg, after passing through the German lines.

It is understood that beginning Sunday, Berlin restaurants will serve meals only after presentation of ration cards.

The new line of demarcation places Russia approimately where she was at the outbreak of the World War.

Nearly $2,000,000 To Be Available To Help College Students

(International News Service)

HARRISBURG, Sept. 22.—Nearly $2,000,000 will be made available to Pennsylvania students working their way through school during the current academic year, Walter S. Cowing, state director of the National Youth Administration, announced today.

Of the $1,948,183 allocated for the 1939-40 term, $8766,285 will go to approximately 8,500 students in 88 colleges and graduate schools, and the remainder to 37,000 pupils of 1,208 public and parochial schools, according to Cowing.

For doing various tasks, such as clerical help, laboratory work, research and social service, and making physical improvements to school property, college undergraduates are given from $11 to $15 a month and high school students from $4 to $6 monthly.

Allotments for colleges, pending approval from Washington included:

Allegheny, Meadville, $8,235; Geneva, Beaver Falls, $6,750; Grove City, $12,285; Mercyhurst, Erie, $2,565; Clarion State Teachers, $3,510; Edinboro State Teachers, $7,155; Thiel, Greenville, $3,240; Villa Maria, Erie, $2,970, and Westminster, New Wilmington, $2,430.

Lawrence County Farms And Farmers

D. H. Ricks, Acting County Agent

IMPROVE YOUR PASTURE THIS MONTH AND NEXT

Improved pastures are responding rapidly to fall rains. Poor, untreated pastures suffered severely from thhe drouth and have become even more weedy.

To get the most out of fall pasture treatments, make applications of lime and fertilizer in September and early October. Manure may be applied when the grazing season ends.

In making fall pasture treatments, advantage is taken of the cool, moist growing weather when grass is making its best growth. Most of next year's roots are produced in the fall. Stimulation at this time therefore, means more grass next year.

Most farmers have more time in the fall to do this work. In the spring they are usually so rushed with other work that the pasture too often is neglected until May or even June. The soil is firm in the fall so that horses and machinery do not cut holes in the sod as they so often do in early spring. Fertilizer applied now will not wash off the slopes during the winter. The soil 'fixes' it in a short time.

CLEAN LITTER IN LAYING HOUSES PROMOTES HEALTH

With the approach of cold weather, successful poultrymen are making preparations for keeping dry litter in their laying pens. When the weather becomes cold and damp wet litter often becomes a problem and definite steps must be taken to avoid this condition.

Clean litter promotes sanitation and is reflected in the production of cleaner eggs. A good litter has an insulating value which helps keep the houses warmer in winter.

A number of poultrymen have found that they can solve their wet litter problem by providing a deep bed of dry, broken litter. This is started during dry, warm weather, and frequently at the time pullets are housed.

The first step is to lay down a light bed of litter . When this is well broken but still dry, another light covering is added. This process is continued. As long as the litter remains dry all that is needed is to cover the surface to keep it clean. Droppings usually dry rapidly and are incorporated in the deep, dry bed of litter.

Instead of cleaning the pens every few weeks, a new covering is added. Most houses are damp enough to keep the litter from becoming too dusty. There is little odor to the litter. Dried poultry droppings have no objectable odor.

A small amount of grain should be scattered over the litter regularly. In scratching for the grains, the birds will keep the litter stirred and in good condition. When this is not done, it is necessary to stir the litter from time to time to keep the bottom layer from becoming soggy.

In addition to solving the wet litter problem, this method means a saving of labor that would otherwise be needed for cleaning. The cost of litter is reduced, the house is kept warmer, and poultrymen following the practice report that the number of soiled eggs is greatly reduced.

FALL RENOVATED LAWNS PRODUCE BEST RESULTS

Lawns planted in the fall will be seeded nature's way. The young seedlings have a chance to make a good start before cold weather. They will live over winter and start ahead of the weeds early in the spring. If seeding is delayed until spring, grass and weeds start together. However, the weeds grow faster and will choke out the grass.

The same reasons make it advisable to renovate crabgrass infested lawns in the fall. Unfortunately, most lawns are raked and reseeded in the spring. This practice encourages weeds. September renovation will mean a green lawn in the spring.

Because growing conditions are favorable, fall applications of lime and fertilizer give good results. The roots which will produce next year's crop of grass are growing now and the right soil conditions will result in maxium root development.

Complete information dealing with the establishment of new turf on lawns, cemeteries, athletic fields and other areas can be obtained at the Agricultural Extension office, 206 Post Office building, New Castle.

FALL IS THE TIME TO GET STARTED WITH PEONIES

September is a busy month for gardeners. In fact, they have almost as much to do as they did in April. In some ways it is better than April for working the soil since the weather is warmer and the earth drier.

One of the matters to be attended to is the care of peonies. The most popular time for planting is preferred since it gives the new feeding roots a chance to develop. Some peony growers have experienced difficulty obtaining flowers the first year after planting. This is not unusual. Some varieties fail to bloom for two to five years after transplanting.

When new divisions of peony roots are purchased from reliable nurseries, they may have one to five buds or "eyes". These divisions should be set three inches below the surface in sandy soil and two inches in heavy soils. Care must be taken to prevent manure or fertilizer coming in direct contact with the roots. Work the soil around the roots so that no air spaces remain.

If old clumps of peonies are transplanted, it is a good plan to cut them into pieces, each having three to five buds or eyes.

A rather heavy soil is desirable for peonies, although they will thrive in practically any type of well-drained soil. In sandy soil root development usually is well pronounced. Many growers prepare the soil by digging it to a depth of 18 to 24 inches, enriching it with well-decomposed barnyard manure

If the soil is low in lime, it may be advisable to add hydrated lime at the rate of two and one-half pounds per 100 square feet. Ground limestone may be used at the rate of five pounds per 100 square feet. Ground bonemeal may be added at the time of planting at the rate of five pounds per 100 square feet.

Peony foliage may be removed to within two inches of the crown during the latter September and October. It is advisable to burn this refuse. Since peonies are considered as hardy as apple trees they need no winter protection.

ADD APPLE TO MENU FOR BETTER HEALTH

Perhaps no fruit is so universally used as the apple. Especially this year, homemakers are confronted with an abundance of apples, according to Miss Julia Markle, home economic extension representative of Lawrence County.

The outstanding virtues of apples lie in the excellent bulk they give to the diet and their source of vitamin C. Since vitamin C is often lacking in the diet, the use of apples to supply this vitamin is significant.

Recent experiments have shown that more than one-half of vitamin C is destroyed in cooking and one-fourth of the vitamin C is lost if apples are stored for six months at 45 degrees F. Soil fertilizer has also been found to increase the amount of vitamin C in apples.

Tests of various varieties show that Winesap, Rome Beauty, Spitzenberg, and Golden Delicious are the richest source of this vitamin while Delicious and Jonathan contain a much smaller amount. Apples are a fair source of Vitamin A. The peel contains more than the apple flesh.

Besides being used raw, aples may be baked, stewed, or scalloped to add spice to fall means, says Miss Markle.

They have long been favorites for desserts as pie, dumplings, cake and puddings. Applies combine well with meats, especially pork, and they make delicious dishes when used with sweet potatoes, cabbage and sauerkraut.

Surplus apples may be dried, canned, made into applesauce, apple butter, cider and the juice may be extracted, canned, and later made into jelly.

Miss Markle suggests a new aple dessert to Lawrence County women.

Health Pudding

3 medium sized apples
3-4 cup brown sugar.
1-4 cup molases.
1 cup rolled oats.
I egg well beaten.
½ teaspoon salt.
½ teaspoon cinnamon.
1 quart milk.

Mexican Neutrality Regulations Issued

Government To Exercise Control Over Belligerent Shipping It is Announced

MEXICO CITY, Sept. 22—President Lazaro Gardenas proclaimed Mexican neutrality last night and issued instructions, based on the Hague convention of 1907 for its enforcement by civilian and military authorities.

The proclamation decreed that:

The government reserves the right to permit or deny entry into Mexican ports of any kind of ships of belligerent countries.

No belligerent may operate from Mexican territory or territorial waters.

Warships may be admitted for a maximum stay of 24 hours: however, not more than one warship of any belligerent may be in any one port at the same time.

If a merchant ship leaves the port any enemy warships in port may not leave until 24 hours later.

Establishments of belligerent radio stations in Mexican territory is prohibited.

Any warship taking supplies at a Mexican port may not get new supplies within three months.

Violators will be interned.

TOWN MAY CELEBRATE 5 THANGSGIVING DAYS

ELKADER, Ia., Sept. 22.—Elkader may celebrate three, perhaps five, Thanksgiving Days this year.

President Roosevelt proclaimed November 23 as the official date; Gov. George A. Wilson designated November 30, the traditional date; yesterday the Clayton county (Elkader) board of supervisors proclaimed a third date, November 16, "so as not to conflict with the dates set by the president and the governor."

In addition, local politicians said the township trustees were considering a proclamation for a November 9 Thanksgiving, and town officials for November 2.

PARK ATTENDANCE IS UP

(International News Service)

YELLOWSTONE PARK, Wyo.—Travel in Yellowstone Park is climbing to a new all-time record, according to Superintendent Edmund B. Rogers, who reported recently that a total of 276,385 persons have visited the park up to July 31. Rogers said the 1939 total is 10.6 percent above last year's mark of 249,794 up to the same date and 6 percent above the record holding year of 1937 when nearly 500,000 people visited the park just prior to the season's closing.

Employment Is On Increase

Tin Mill Resumption Is Gratifying News To City And County

OTHER INDUSTRIES ARE ALSO AFFECTED

No more encouraging news has been announced here in some time than that of resumption of the Shenango plant of the Carnegie-Illinois Steel Corporation. It not only puts back some 2500 employes at gainful employment but it reaches out and includes all the rest of the people in the city and county.

Orders occasioned by the war situation have made their impress in the Pittsburgh district and in the Shenango Valley. Belching smoke stacks all along the valleys testify to the rush for goods by customers in other lands and in the rush to produce goods for foreign customers a demand is created for local consumption.

If the war lasts it is bound to have its effect upon all kinds of industry, particularly those in this district. Steel of all kinds, tin cans, bronze bushings, pottery, cement, and a dozen other commodities will be needed.

Demands Increase

With the production of the materials comes demands for increases in other lines. Already there is a shortage of freight cars, repairmen are being called back by the hundreds by the railroads in a frenzied attempt to put cars into shape for the rails, new trackage is required, and these orders go right back into the mills which have already felt the war touch.

Railroaders are being called back in this district who haven't handled a brake stick or a shovel in years. The Pennsylvania already has nearly 250 men back at work in the shops, many crews are recalled, and the Baltimore & Ohio is expecting orders momentarily for a return of repairmen.

Difference Seen

Almost over night the difference in people is noted. Smoking stacks mean lighter hearts and soot smudges on white dresses will be a matter of pride rather than alarm.

If the war continues the current of trade with the South American countries is bound to show a startling upswing in American industries and particularly those in this district.

Soldiers consume thousands of tons of canned meats from the South American as well as the North American fields. Canned meats call for cans and cans can come only from the United States while the North sea, the Baltic sea and the Atlantic shores in Europe are sub infested and mined.

Pottery, glass, cement, brass and bronze materials, steel in all its forms, all of them will be needed by South America and the United States is about the only place they can get it.

Reception Tonight At Central Church

Members of the Central Presbyterian congregation have completed arrangements for the reception to be tendered to Dr. and Mrs. C. B. Wingerd, at the church this evening.

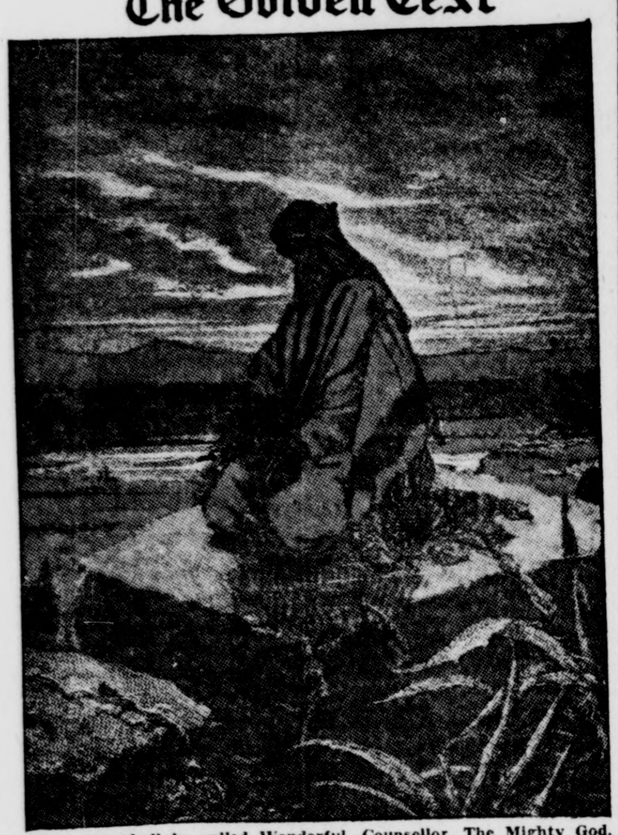
The program will be started at 8 o'clock.

Dr. and Mrs. Wingerd will leave the city next week, for Stuart, Florida, where Dr. Wingerd will assume a new pastorate, and the reception tonight is a farewell tribute from the congregation.

Isaiah: Foretelling Birth Of Messianic King

Highlights On The Sunday School Lesson

The Golden Text



His name shall be called Wonderful, Counsellor, The Mighty God, The Everlasting Father, The Prince of Peace."—Isaiah 9:6.

By NEWMAN CAMPBELL

(The International Uniform Lesson on the above topic for September 24 is Isaiah 7:14, 9:1-7, 11:1-5, the Golden Text being Isaiah 9:6, "His name shall be called Wonderful, Counsellor, The Mighty God, The Everlasting Father, The Prince of Peace.")

Today we go back to the Prophet Isaiah, who, you remember, lived at the same time as Micah, who was the subject of last week's lesson. The subject today is Isaiah's prophecies of the coming of Jesus. Isaiah undoubtedly thought the Messiah was coming very soon, as this nation badly needed a leader, as it was about to suffer invasion and the people captivity at the hands of the Assyrians. As a matter of fact, Jesus was not born until 700 years had passed. The time of today's lesson is placed around 734 B. C.

We cannot do better than to read and memorize the words of Isaiah, not only for their beauty, which, once learned, will remain in the consciousness all one's life, but for the foretelling, which most certainly describes Jesus.

"And there shall come forth a rod out of the stem of Jesse, and a Branch shall grow out of his roots:

Spirit Of Lord Rests Upon Him

"And the Spirit of the Lord shall rest upon Him, the spirit of wisdom and understanding, the spirit of counsel and might, the spirit of knowledge and of the fear of the Lord." That quotation is taken from Isaiah 11, and in Chapter 9 he says:

"For unto us a Child is born, unto us a Son is given and the government shall be upon His shoulders and His name shall be called Wonderful, Counsellor, The Mighty God, The Everlasting Father, The Prince of Peace."

All through the years the Children of Israel kept the hope of the coming of the Messiah, and it cheered them through all their troubles. The Child, when it came, was to be called Immanuel, meaning "God is with us," says Isaiah.

This Messiah shall be "quick of understanding in the fear of the Lord; and He shall not judge after the sight of His eyes, neither reprove after the hearing of His ears:

"But with righteousness shall He judge the poor, and reprove with equity for the meek of the earth; and He shall smite the earth with the rod of His mouth, and with the breath of His lips shall He slay the wicked.

"And righteousness shall be the girdle of His loins, and faithfulness the girdle of His reins."

Taught Way Of Life

Jesus, when He came, did not liberate His people in the way the prophets expected. He taught the Way of Life which makes us all free if we will but follow it—a higher and more wonderful way than even the prophets understood.

All through the trials and tribulations of his people did Isaiah comfort them with promises of God's help if they would but rely upon Him.

"Why sayest thou, O Jacob, and speakest, O Israel, my way is hid from the Lord, and my judgment is passed over from my God?

"Hast thou not known? hast thou not heard, that the everlasting God, the Lord, the Creator of the ends of the earth, fainteth not, neither is weary? there is no searching of His understanding.

"He giveth power to the faint; and to them that have no might he increaseth strength.

"Even the youths shall faint and be weary, and the young men shall utterly fall.

"But they that wait upon the Lord shall renew their strength; they shall mount up with wings as eagles; they shall run and not be weary; and they shall walk, and not faint."

Next week we learn of the coming of Jesus and begin the study of His teachings.

Soviet-Germany May Not Leave Buffer State

Poland Division May Be Completely Arranged By Two Nations

(International News Service)

BERLIN, Sept. 22—Indicating that Germany and Soviet Russia have decided to divide Poland without leaving a buffer state between them, it was officially announced today that German and Soviet troops "have now faced the line of demarcation.

The line, it was announced, runs along the Pissek, Narew, Vistula and San Rivers.

A Russo-German political commission in Moscow is still working on the problem of Poland's ultimate fate. If a buffer state is finally created despite today's thoroughgoing division of the country, it will be smaller than originally anticipated.

The Pissek is a tributary of the Narew, flowing in a southerly direction from Johannesburg, East Prussia, and joining the Narew at Noygorod.

The Narew river was the main defense line of the Russians in the World War and of the Poles in the present conflict. The river joins the Vistula north of Warsaw.

Since the Vistula forms part of the Demarcation and since Warsaw is on the left bank of the river, it is assumed that the capital will fall on the German side of the Demarcation line.

The San river, which has its source in the Carpathian mountains joins the Vistula near Sandomierz. The fortress of Prsemsyl is on the San.

Since the San river forms part of the Demarcation in Galicia, the so-called "Sandomierz triangle" where the Poles developed their arms industry in the past few years will also go to Germany.

JUSTICE BUTLER SOMEWHAT BETTER

(International News Service)

WASHINGTON, Sept. 22—Associate Justice Pierce Butler of the supreme court, who suffered a relapse and re-entered Parfield hospital for treatment of a bladder ailment, was resting comfortably today.

"He had a good night. Slept well and is comfortable," the hospital announced. "He is conscious."

The justice returned to the hospital Wednesday after his physician Dr. Fred R. Sanderson, reported he had "lost considerable ground during the last four or five days."

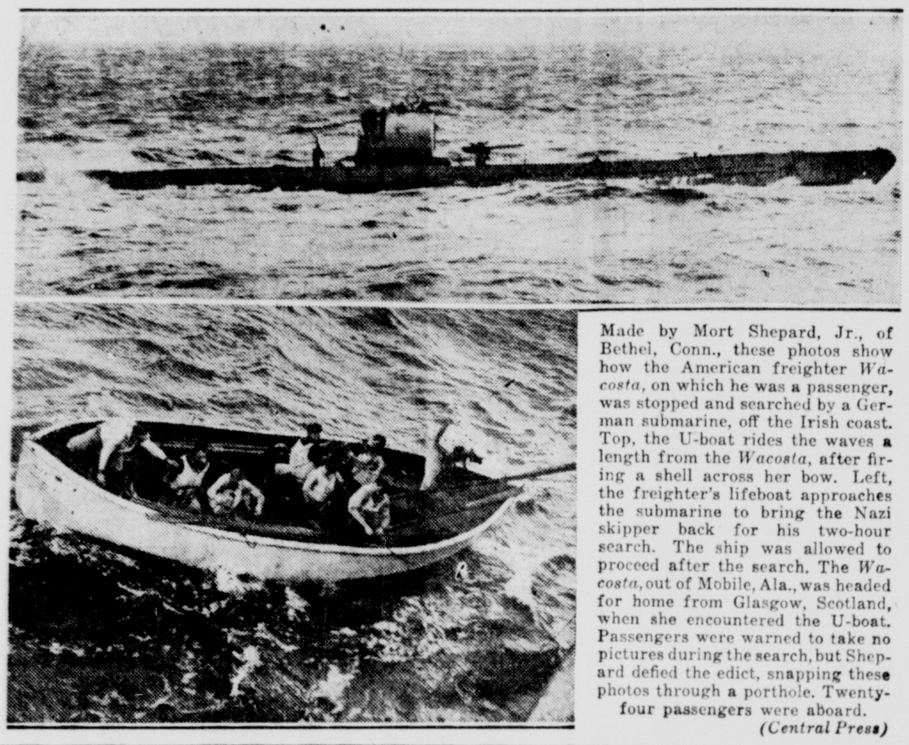
As German Submarine Halted U. S. Freighter



Made by Mort Shepard, Jr., of Bethel, Conn., these photos show how the American freighter *Wacosta*, on which he was a passenger, was stopped and searched by a German submarine, off the Irish coast. Top, the U-boat rides the waves a length from the *Wacosta*, after firing a shell across her bow. Left, the freighter's lifeboat approaches the submarine to bring the Nazi skipper back for his two-hour search. The ship was allowed to proceed after the search. The *Wacosta*, out of Mobile, Ala., was headed for home from Glasgow, Scotland, when she encountered the U-boat. Passengers were warned to take no pictures during the search, but Shepard defied the edict, snapping these photos through a porthole. Twenty-four passengers were aboard. *(Central Press)*

Heavy Flow Of Gold From Canada Reported In U. S.

(International News Service)

WASHINGTON, Sept. 21. — A heavy flow of gold from Canada to the United States, apparently to prepare finances for war purchases, was reported today by the department of commerce.

Canada for the week ending Sept. 15 shipped $79,857,409 in gold to the United States supplanting England as the heaviest exporter of gold.

The total amount of gold shipped into the United States in that week was $116,006,982, with the British empire accounting for more than $109,000,000 of the total. Besides Canada's $79,000,000, Great Britain shipped $26,465,050 into the United States, British India $2,437,118 and Hongkong, $502,156.

From other sources it was believed that Canada was shipping the great stocks of gold into this country first to stock up on dollars for England's account for war purchases.

Political Significance Attached To Murder Of Premier Of Rumania

By H. R. KNICKERBOCKER
International News Service Staff Correspondent

LONDON, Sept. 22.—The fantastically melodramatic murder of Premier Armand Calinescu of Rumania was revealed today as an event of the very highest international political significance with implications which enabled professional observers to hope for the first time that Stalin and Hitler might quarrel over Rumania.

Details of the background of the assassination now indicate its meaning was far deeper than the fact that it was a gestapo murder to remove an anti-German premier.

The most important thing about the murder was its timing.

As an International News Service informant put it, Calinescu could have been killed at any time.

He refused guards and went everywhere, dining publicly in restaurants and cafes constantly anxious about his life.

But he was spared until now.

Why?

Partly because German extinction of Poland brought the Rumanian question into the forefront for Germany. But beyond that is the most important fact that Calinescu was very friendly with the Russians and because just now his Turkish friend, Foreign Minister Saradjoglu, was about to arrive in Moscow to negotiate largely in behalf of Rumania a Black Sea pact among Russia, Rumania and Turkey and eventually Bulgaria.

Pact Inspired

This pact was inspired specifically by the fear in all these countries that Germany intended to drive clear through Rumania to the Black Sea and none of them wanted to see German power on the shores of the inland ocean, which means as much to them as the Mediterranean does, say, to France.

Russia especially, despite her pact with Germany, has not concealed her imperative desire to keep Germany away from the Black Sea. For that purpose Stalin invited Saradjoglu to Moscow—not as first feared to try and win Turkey away from the allies—but to arrange a Black Sea pact pledging the powers bordering the Black Sea to non-aggression and perhaps also containing some form of mutual guarantee of one another's Black Sea littoral.

Germany is fully aware that such a Black Sea pact would throw Russia and Rumania together and even create the possibility of conflict between Russia and a Germany determined to prevent it.

This was the real meaning of the murder of Calinescu. By killing him, they expect to terrorize his successor into abandoning the Black Sea pact.

Successor Is Courageous

But his successor, Argesanu, is described as possessing a courage equal to Calinescu's and authoritative opinion is that the new premier will go ahead with the same program, which is essentially King Carol's anway.

I learn that King Carol since the conquest of Poland has been clandestinely threatened and repeatedly told that if he does not dismiss his anti-German ministers and form a government favorable to Hitler, he will suffer the fate of Calinescu and the latter's predecessor, Ion G. Duca.

Carol's attitude so far has been uncompromisingly firm. Despite his Hohenzollern blood, he is convinced that his country would have nothing to expect except the fate of Czechoslovakia if he yielded further to German pressure.

Friends of Rumania consider that this man, who inspired small respect years ago when his romantic escapades amused Europe, has grown into a figure which is capable of becoming his country's strongest defense.

As one prominent Rumanian here put it:

"It's lucky for us we have Carol. Being a king, he can never be a Hacha."

It was President Emil Hacha of Czechoslovakia who was summoned to Berlin and forced to acquiesce in Hitler's domination over Bohemia and Moravia.

Reception Tonight Honors Minister

Epworth Congregation To Show Esteem For Rev. H. A. McCurdy And Family

Members of the Epworth Methodist church and other friends of the family of Rev. and Mrs. H. A. McCurdy will honor the minister and his family tonight when a reception will be held in the parsonage on Adams street.

Rev. McCurdy has been transferred to the church in Brookville, Pa., and will preach his first sermon there on Sunday morning, September 24.

The reception starts tonight at 7:30 o'clock and will continue until a late hour.

PULASKI

ENTERTAIN CLASS

Mrs. W. P. Scott, Mrs. Mary Jennings and Mrs. J. C. Barrett entertained in a very pleasing manner when the members of the Women's Bible class of the Presbyterian church met at the home of Mrs. Scott. Plans were made for the celebration of the annual Home-Coming at the church the third Sunday in October. A program was given under the direction of Mrs. Mary Adams.

At the close of the meeting delicious refreshments were served by the hostesses. Mrs. Edwin Thompson was a special guest. Assisting with the lunch were Mrs. Marshall Scott and Mrs. Thomas Scott.

The next meeting will be held the third Tuesday afternoon in October at the home of Mrs. Glenn Lewis with Mrs. Lyle Nottingham cohostess.

W. B. A. MEETING

The regular meeting of the Women's Benefit Association Review No. 201 was held on Tuesday evening. Deputy Mrs. Ethel Thomas of New Castle was present and gave a very interesting talk on the work of the review. Reports were given by Mrs. Merle Headings, financial secretary, and Mrs. Lloyd Mitcheltree, treasurer. Mrs. Alice McGinley, state junior field supervisor, will be present at the meeting held on Ocotber 17 with Mrs. J. F. Myers and Mrs. Charles Miltcheltree the social committee.

At the close of the meeting a fine lunch was served by Mrs. Clarence Turner and Mrs. Charles Clark, assisted by Mrs. A. W. Graham and Mrs. Joseph Clark.

PASTOR RETURNS

Rev. Edgar Doverspike, pastor of the Methodist church, returned on Monday evening from attending the annual Erie Conference which convened in Jamestown, N. Y., this year. The many friends of Rev. Doverspike will be glad to learn he has been returned to the Methodist church here where he has been pastor for the past two years.

SUNDAY SERVICES

Church services held here on Sunday are:

Presbyterian—Pastor, Rev. Luther MacDonald. 10 a. m., Sunday school, Paul McClennahan, supt.; 11 a. m., church service by the pastor.

Methodist — Pastor, Rev. Edgar Doverspike. 10 a. m., Sunday school, Mrs. John P. Clark, supt.; 11 a. m., church service by the pastor.

Laymen Hear Dr. John Orr

Meeting Is Held At First Baptist Church On Thursday Evening

Thursday evening at the First Baptist church the annual meeting of the laymen of the Beaver Baptist Association was given an inspiring address by Dr. John Orr, head of the Bible department of Westminster College, who was introduced by Dr. C. H. Heaton, the pastor. John W. Owens, the organization president, presided. Dr. Orr reviewed the moral conditions existing in the world today, locally, nationally and internationally. He said a great deal depends on the Christian men of the church for the upbuilding of the world's morals, integrity, more faith in one another and a higher regard for agreements.

Garth Edmundson furnished organ selections, Delbert Fletcher rendered a solo and the ladies' quartet, Mrs. Stanley Reese, Mrs. William E. Harris, Mrs. Harry Cook and Mrs. Harriet Macom, gave two numbers.

Rev. Carl Jones, of Sharon, association moderator, appointed J. Sherwood, of Farrell, laymen president for the coming year, which received the endorsement of the assembly.

At the close a splendid lunch was served by the Men's Bible class which was in charge of Tom Arthrell.

PURCHASERS PROTECTED

(International News Service)

WASHINGTON—Retail purchasers of mirrors henceforth will be protected under new trade practice rules proposed by the industry itself and promulgated by the Federal Trade Commission. On all mirrors sold to the public it must be clearly stated whether they are made of plate glass, which shows no distortion, or window glass, which has a waviness of surface when viewed at an angle or in reflected light.

Cannot Regard Embargo Action As Unneutral Act

(International News Service)

WASHINGTON, Sept. 22.—Secretary of State Cordell Hull today declared that abrogation of the present neutrality act, even though war is raging in Europe, cannot be regarded legally by any other nation as an unneutral act.

Hull, in a statement at his press conference, asserted that the United States, as a neutral power, has the same right to change its policy in war-time as do belligerent powers.

Business Index At High Level

First Time Since 1937 That Business Index In Pittsburgh Over 100 Per Cent

BLAST FURNACES BEING BLOWN IN

(International News Service)

PITTSBURGH, Sept. 22.—Business activity in the Pittsburgh area recorded one of the largest gains of the year last week—jumping to 103.2 per cent of the 1923-25 average—it was reported today by the Bureau of Business Research, University of Pittsburgh.

The index has not been above the bureau's 100 per cent level since the middle of October, 1937. Iron and steel production rose to new highs for the recovery movement, the bureau stated, with more than two-thirds of the steel ingot capacity in the district in use last week in contrast to a little more than 50 per cent utilization early in August.

Furnaces Blown In

Production of pig iron is lagging somewhat, although blast furnaces are being blown in as rapidly as possible, according to the research group. The bureau's index of electric power output was within a fraction of the all-time peak established in August, 1937.

Estimated actual tonnage of coal production reached a new high for the year last week on the bureau's charts, while the index of shipments rose almost nine points bringing it to 95.2 per cent of the 1923-25 level. Coal and coke traffic recorded marked gains for the week, the bureau said, and added optimistically:

"Higher levels of production and shipments are beginning to be reflected in trade activity."

Tifereth Israel Congregation To Gather Tonight

Yom Kippur Observance Is Under Way By Local Congregation

Ten solemn days of penitence and introspection that commenced on September 14, the first day of Rosh Hashonah, comes to a climax on the Day of Atonement, Yom Kippur, the most holy day on the Jewish calendar, which is being observed by the Jewish race throughout the world, and which will be ushered in this evening at sunset.

The Tifereth Israel congregation of this city will congregate in holy convocation this evening at six o'clock for the solemn service of Kol Nidre.

Saturday morning services will start at 7:30 o'clock and continue throughout the day. Services will be in charge of Rabbi Gilbert A. Elefant, who will also deliver the sermon. Special memorial services will be held at 11:30 a. m. and 12 o'clock. Devotional prayers will be read.

An invitation is extended to the youths of the community and college students who will be here during the holy day.

King Carol Takes Courageous Stand

By J. C. OESTREICHER
International News Service Foreign Editor

King Carol of Rumania, once the playboy of Europe who reputedly drank champagne with his breakfast and lived on caviar and humming birds' wings, took a firm stand against the forces of violence today and courageously risked the danger of making his own country the next goal of aggression in the Balkans.

By ordering the public execution of the assassins of Premier Armand Calinescu and leaving their bodies exposed to curious eyes on a street corner in Bucharest he served notice on Nazi Germany that Fascist violence will be repaid in Rumania with blood-curdling retaliation.

The political ramifications of the affair go far beyond this theatrical gesture, of course, but of immediate importance is the melodramatic and thoroughly convincing manner in which Carol thumbed his nose at the German provocateurs who by their assassination of Calinescu warned Rumania that it had better fall in line.

There was something gypsy-like and typically Balkan in the manner in which King Carol ordered the execution of the assassins and decreed that their bodies should lie, at the exact spot where Calinescu was killed, for twenty-four horrible hours. It was a mediaeval, oriental gesture that may yet rank as a great chapter in history.

AROUND CITY HALL

Only three cases of contagion were reported last month to the city health officer, Dr. W. L. Steen told council today. One case was diphtheria. Twenty-one samples of water from the New Castle Water company were tested; likewise eight samples from privately-owned wells and springs. Twelve examinations were made of water in public bathing pools. Twenty-nine samples of milk sold here were tested and three restaurant licenses were issued. Sixty-two persons engaged in handling beverages and foodstuffs were given a physical examination and three permits to collect and dispose of rubbish were granted. Two thousand and sixty tons of garbage were collected and disposed of and 31 truck loads of tin cans were collected and disposed of at dumps. During the past month garbage department employes picked up 32 dead dogs and 42 dead cats. Sanitary officers inspected 15 fish and meat markets, 10 hotels and restaurants and eight confectionery stores.

Woman Murderer By Poison Faces Death In Chair

(International News Service)

PHILADELPHIA, Sept. 22.—Mrs. Josephine Romualdo, accused "black widow" of Philadelphia's bizarre arsenic-murder ring, was in Moyanensing prison today pending appeal from her conviction for the poisoning of her husband, Antonio, 45-year-old lamplighter. The jury recommended the chair.

Mrs. Romualdo became the second of 24 alleged conspirators to be convicted of a jury and the seventh to be found guilty, either by trial or plea. Fifteen cases remained to be tried of the group said by the state to have killed "upward of 100 persons" for their life insurance.

The jury—eight men and four women—deliberate seven hours before returning a verdict of guilty with recommendation of death for the dark, lean-faced widow. The prosecution charged that 42-year-old Mrs. Romauldo was a ruthless "insurance killer" who hoped to collect $10,738 on her dead husband.

Will Expand U. S. Defense

Congress Will Receive Proposals For Vast Defense Program

COMPLETE SURVEY WILL BE STARTED

By WILLIAM S. NEAL
International News Service Staff Correspondent

WASHINGTON, Sept. 22—Vast expansion of national defense in the regular session of congress beginning in January—with a possibility that next year's expenditures for defense will far exceed $2,000,000,000—was forecast today by congressional leaders in military and naval affairs.

The world situation will face a complete re-examination of the entire scheme of American preparedness, Chairman A. J. May, of the house military affairs committee said.

"We will make a complete new survey" said May. "We are now spending a lot of money for preparedness, but we are going to spend a lot more before we get through."

Return From Survey

Fourteen members of the house naval affairs committee, returning from a survey of the Pacific coast defenses, called for an expansion of naval defense.

Emergency defense measures already ordered by President Roosevelt will necessitate a deficit appropriation of more than $100,000,000. Rep. Synder (D) Pennsylvania, chairman of the house appropriations military subcommittee, said.

"We are going to investigate two things right away," said Chairman May. "They are the progress of our mechanization and armament program and, second, the acquisition of strategic war materials.

Must Push Program

"We must push our mechanization program—guns, munitions and everything that goes to make up an efficient army—even before we consider an expansion of personnel beyond that already ordered by the president. We must have plenty of equipment for our present potential force of 600,000 men."

With Russia's position uncertain and Great Britain at war, it is possible that the United States may face a shortage of manganese, May said. He plans to seek investigation of a scheme to expand the domestic manganese industry by proposing government purchase of the entire output on a subsidy basis.

Rep. Leonard Schuetz (D) Illinois chairman of the naval affairs subcommittee which investigated defenses on the Pacific coast, called for immediate appropriations of funds to carry out authorized projects.

UNIQUE EAR OF CORN
(International News Service)

PLATTSBURG.—Truman Brault, of 46 Champlain street, this city, while musking an ear of yellow bantam corn recently noticed something unusual about it. He striped it down a little further and found that he had corn and oats growing on the same ear. The green oat heads were growing out between the kernels of corn. Near the end of the ear the oats had grown so thickly that they crowded off the kernels. A little further up the corn reasserted itself and grew more kernels with oats

WILL ROGERS' SON EDITS NEWSPAPER IN BEVERLY HILLS

PHILADELPHIA, Pa.—Journalist Bill Rogers, 28-year old son of the late Will Rogers, blew into town and and said all he knows is what he writes in the newspapers.

"All I know is what I read in the newspapers" was a favorite quotation of the actor and homespun philosopher, and Bill has paraphrased it to fit his career as a newspaperman.

Bill, who edits the Beverly Hills (Cal.) Weekly Citizen, was a free-lance correspondent in the Spanish Civil War. While in Barcelona, he was knocked out of bed when a bomb hit his hotel and reached the street just before the building crumbled.

Speculations as to whether Bill intended to follow his famous fathers footsteps in show business was dispelled when he replied:

"Shucks, I can't do anything."

EXPROPRIATION OF MEXICO OIL FIELDS BRINGS STARVATION

(International News Service)

PORTLAND, Ore.—The recent expropriation of British and American oil interests in Mexico has brought starvation to the Mexican people, H. R. Cullen, prominent Houston, Tex., oil operator, declared following a tour of the country.

"Mexico and hungry Mexicans are pretty sick over the oil deal" the authority declared. "The workmen, who used to work for the oil companies, and the business people who depend on their trade are starving to death.

"It oloks as though the Government will turn the companies back to their original owners. If it weren't for the high price of silver being paid by the American government, Mexico would be in a terrible condition. It's our money that keeps the country going."

Germany Masses Troops Near Line

British Circles Foresee Preparations For Drive On France

NORTHERN FRANCE MAY BE ATTACKED

By NEWELL ROGERS
International News Service Staff Correspondent

LONDON, Sept. 22.—Indications were observed in official British circles today that the German high command is making dispositions from which can be launched what is designed to be an "overwhelming lightning offensive" against northern France.

Tremendous masses of troops are being coordinated. Aircraft and armored vehicles are being moved up. The high command, according to these British reports, has apparently decided upon a lightning thrust such as that carried out against Poland.

Heavy troop detachments are gradually moving toward the southeast from northern Germany. Fortifications are being constructed on the Dutch frontier, and huge numbers of men are gathering in the vicinity of Aachen opposite Liege.

(Editor's note: In an official announcement yesterday, German propaganda Minister Paul Joseph Goebbels stated that Germany has no intention of violating the neutrality of Belgium or Holland.)

Will Cost Huge Toll

Whether the German offensive will be launched on the Siegfried line in the conviction that at the cost of several hundred thousand lives the comparatively rigid Maginot line can be broken, or though Holland and Belgium is the great question which the British intelligence department is studying with closest concern.

It is known that the Germans have not yet been able to transfer appreciable divisions and equipment from Poland, where it is estimated that the Germans used a thousand planes.

It is recalled that Germany has overrun but has not yet mastered vast areas of Poland and will be delayed for some time yet, possibly postponing a lightning decision in the west.

British authorities frankly admitted that the Germans displayed a brilliant new war technique in Poland, demoralizing enemy concentrations by closest cooperation between aircraft and armored vehicles of amazing speed.

It remains to be seen, however, whether this technique will be equally effective on the less favorable terrain of northern France.

CHARGE!—And away goes the California Bears on another football season. Prospects are bright here.

NEW CASTLE-YOUNGSTOWN EAST PLAY TONIGHT

'Red Hurricane' Is Ready For Battle

New Castle Hopes To Win Second Game Of Year Tonight; Youngstown East Will Come Here To Try And Erase 8 To 7 Defeat Of Last Season; "Red Hurricane" Starting Lineup Same As In Butler Game; East Somewhat Crippled By Injuries And Ineligibilities; Forward Passing Attack By Both Sides Will Be Feature; Slate Kickoff For 8 P. M.

An aerial battle will be fought over Taggart Stadium tonight — not with planes, bombs and such — but with footballs. It is the occasion of the annual New Castle-Youngstown East grid engagement, and in the event of good weather tonight the stands will be well packed at the kickoff, which will take place at 8 o'clock.

East Seeks Revenge

Youngstown East will come here tonight seeking revenge for the 8 to 7 defeat last year by the "Red Hurricane" and "will shoot the works," as Coach Dick Barrett put it.

New Castle holds a one-victory edge in the current series, having won here, 26 to 6 in 1936, and last year. East High topped New Castle in 1937 on a forward pass in the dying moments of the battle 7 to 0. A Youngstown victory tonight will even up the score at two apiece.

East High will be handicapped by the fact that they will have only two men in the starting lineup that faced New Castle last year—Fergus at center and T. Jackson in the backfield. The remainder of the East team is new this year. Several of the varsity men this year were on the reserve team, however, last year and have had experience.

Of the New Castle team that faced East last year only four men will be missing—Rucker, Roussos, Pelusak and Motsko. New Castle will have the advantage in experienced players.

Battle In Clouds

Coach Barrett will bring a team here well versed in the art of forward passing. Barrett, a former Notre Dame star, stresses passes to the utmost. East will find New Castle equally prepared to toss a few forwards when the occasion arises. Lindy Lauro looked mighty good last week in the Butler game, heaving passes and will be just as good tonight. Cenname and Zarilla at the ends are two big six-footers to throw them at and make fine targets.

Phil Bridenbaugh said today that East could expect to see just as many passes as need be. "We will try to match pass for pass," said Bridy.

Defense Is Tightened

All week long the locals have been drilling on pass defense and today they are better fixed to break up the losses of the enemy than they were in the Butler game. Butler made the locals look bad several times on passes and Coach Barrett and some of his boys were at the game. They got a glimpse of the New Castle defense weaknesses. All week long Coach Barrett has stressed a passing attack. New Castle on the other hand will be waiting for the East aerial thrusts, confident that they can break them up as fast as the invaders toss them.

The fans who like a passing game will get their share of thrills and chills tonight, it can be assured. The running attack of the "Red Hurricane left little to be desired last week, Sammy Ciazza and Larry Roberts took good care of the end running plays and Lindy Lauro was a powerhouse at the center of the line.

Expect Big Crowd

Football has caught the fancy of the fans again and in event of a good night there will no doubt be a crowd of several thousand at the game. Youngstown will send over several hundred fans.

The field is letter perfect. New Castle has one of the best high school football plants in the country and the local fans should appreciate this fact. The high school cheerleaders this year have been augmented by the presence of four very lovely young ladies—Audrey Bridenbaugh, Betty Reed, Mary Lou Travers and Gloria Augustine. The girl alternate cheerleader is Betty Ward.

The boy cheerleaders are: Joe Johnston, Dave Maul, Russell Minnick and Russell Stocker. The boy alternate cheerleader is Fred Thompson. This group put a lot of pep in the student cheering section last week.

Veteran Golfer Makes Hole-In-One

Bill Nunn Scores Ace On Seventh Hole At Castle Hills Course Wednesday

Bill Nunn, veteran local golfer, added another feat to his many golfing honors, when he scored a hole-in-one on No. 7 hole at Castle Hills course, Wednesday.

Nunn had just found a lost ball and teed off with it on No. 7 hole, the ball lighting on the green several yards in front of the hole, and trickled into the cup as if it had been putted from only a few feet away.

It was one of the big thrills that Bill has gotten out of his many golfing days.

Conn Confident He Will Again Defeat Bettina

Pittsburgh Light-Heavyweight Champion Will Mix With Tough Easterner Monday

FORBES FIELD SCENE OF BOUT

By ED KIELY
International News Service Sports Writer

PITTSBURGH, Sept. 22.—Billy Conn said today he had been "starving so long before he won the light heavyweight championship that no concrete mixer is going to take it away from me."

The "concrete mixer" was his reference to Melio Bettina, from whom he won the title in a disputed decision in New York last May and whom he fights for the same title in Pittsburgh next Monday evening.

"Bettina got Billy Conn mad," the light heavy champ averred in between gulps at a quart of milk—his after training bill of fare.

"He" (Bettina), Conn continued scornfully, "told everyone over the radio that he was going to knock me out. What's more I was sitting across from him in the studio at the time.

Conn Confident

"Why I should have offered him out right then and there, and found out how really tough he is. I like to fight guys who think and act rough and tough. I'll show him who's the tough guy.

"Why, I'll take all he's got and more," the lithe Irishman declared; "he'll fall over dead swinging."

The slender 22-year-old master of boxing technique had just finished 10 rounds of arduous training with four sparring partners, including his younger brother and embryo champ, Jackie, 17.

Conn showed good form in the rather lengthy session, during which he punched harder and with more accuracy than when he began training a fortnight ago.

So confident and cocksure is Conn of winning this impending battle with the Beacon (N. Y.) challenger that he began discussing his chances in the heavyweight department of "maul mart".

"If I only weighed 200 pounds," he went on wistfully, "I know I could give Joe Louis a good battle. Those knockout artists lose their heads if they don't score early. A fighter with a good left jab (editor's note: Conn allegedly has the best left hand in boxing today) might lift the title from the 'Brown Bomber'."

Sports World Ramblings

Local Niblets: Bob MacNeill, former New Castle high all W. P. I. A. L. guard, has been converted into a ball carrier. Tonight, MacNeill makes his debut as Muskingum college's varsity fullback....To Carl Vernino, Company 3351, Tucumcari, N. M.: Thanks for card. New Castle high has played Johnstown twice. In 1034, Johnstown scored a 13-0 triumph over the Canes at Taggart stadium. In 1935, the Canes evened the count, winning a 24-7 decision at Johnstown, Pa.

Minor League Playoffs: These playoffs in the various minor loops are a bit on the funny side. In the A. A., for instance, Kansas City and Minneapolis staged one of those tooth-and-nail affairs, the former finally winning the top perch. Then the first playoffs. Indy and Louisville, third and fourth place winners respectively, kayoed K. C. and Minnie. Today, Indy and Louisville are fighting for the right to represent the loop in the little world series. What does that make Kansas City and what they have been playing for all summer long?

Cincy Fans Sour: If Cincinnati fans are sour, you really can't blame them. Johnny Vander Meer has been a big disappointment. Yet, Bill McKechnie continues to send him to the mound. The Reds are in a photo finish stage with the Cards and what has happened within the past week? Finally, Vandy took the knoll against the Giants. With an eight-run lead piled up in the first two frames, Vandy couldn't last. A few days later he started against the Phils and didn't even finish the first inning. Vandy rates as the champ "cousin".

A shot of this and that: Northwestern really has it this season. Bill DeCorrevont, the highest publicized high school player, has been relegated to the third team, believe it or not. This should give you an idea of how strong Northwestern is. ...Lou Nova wants another crack at Tony Galento. I wonder why? Who would want to sit through another hammering such as last Friday night?

WERTZ, BARTLE RETARDO TO BOX

La Volpe, Twice Winner Over Rubin To Take On Fulton

Several battles of more than ordinary interest will be staged when the Jefferson A. C. holds its October 2 show, which will be for benefit of St. Titus Parish children's Christmas fund. With Smokey Robinson, national champ lightweight of the A. A. U. carded against Pete Spotti of Cecil will rank several other bouts.

For instance, Andy Wertz, Youngstown welterweight, who suffered what fans termed a set-back, when he lost to Charlie Arkett of West Pittsburg has been granted a return bout with Arkett. Charlie has been resting for some time and hopes to repeat his victory.

Ex-High School Boys

Buck Chambers, West Pittsburg high school lad, will tackle Jimmy Rooks of Pittsburgh at 160 and Benny Bartle, former Ellwood City high school football player who lost by a kayo to Milt Taylor of Cecil, recently at Farrell will get another chance at Taylor.

Frankie Moran will be on the card and Johnny Fulton of Pittsburgh will take on Nick Le Volpe Farrell star, who twice beat Mickie Rubin. Nick Retardo, Ellwood City will tackle Rayburn Nulph of Oil City at 135.

In all there will be eight bouts sanctioned by the State Athletic commission and the Amateur Athletic union and while it is true the last crowd was one of the biggest in the past year it is anticipated that the Arena will have been sold out when the fight starts.

Final Match For Castle Hills Championship Will Be Played On Sunday

Walt Vogan and Bill Long, two of the Castle Hills aces, will play the final match for the course championship on Sunday, when they will meet in a 36-hole clash.

It is expected that a large gallery of well-wishers of both men will follow them around in the match.

HERE AND THERE IN SPORTS' LAND

Some folk close to the inner circle of heavyweight fistics are floating the claim that the Bettina-Conn winner should be the logical man for Joe Louis to defend his title against. Here is their reasoning: Tony Galento was knocked out by Al Gainer; Gainer was beaten by Tiger Fox; Melio Bettina kayoed Fox then lost to Conn; Bob Pastor was beaten by Dorazio who was kayoed by Conn. Lou Nova, knocked out by Galento. Conn and Melio fight in Pittsburgh, Monday.

Ten years ago industry was booming and boxing here was on the surge. Crowds packed the Jolly bowl. On some nights it was necessary for fans to stand in line from Sampson street to Glass street. With industry again promising a surge will conditions be repeated? The scene of hostilities has been shifted from Sampson street to the Arena in Grove street, where amateur pyrotechnics are displayed.

The Big Six hitters, in order are: DiMaggio, Foxx, Mize, Johnson, Medwick and Paul Waner. . . . Hayward Sanford, field goal kicking ace for Alabama in 1937 and who was kept out of football last year because of a broken ankle has more hard luck. He was spiked in Birmingham while playing softball. This may affect his kicking this season . . . The King's entry won the championship at Diss, Eng., for Red Poll bulls. Frank L. Orth, principal of the Senior high school, today announced that ample police guard will be established at the student gate at the northern end of the concrete stand at Taggart Stadium tonight and that no adults will be permitted to sit in the student section on student season tickets.

"This practice that began with the first game of the year last Friday night, will be broken up if it takes all year," was the way Mr. Orth stated it today.

Mountain States Grid Teams Ready To Open 1939 Year

By MICHAEL F. DACEY
International News Service Sports Writer

DENVER, Sept. 22.—Utah, Colorado, Denver!

That's the order the experts—and many fans—are calling in the 1939 title campaign in the Mountain States Inter-Collegiate Athletic conference football race.

The conference is popularly known as the "Big 7", or Rocky Mountain circuit, with three entrants from the western slope, in Utah; three in Colorado, on the eastern slope of the continental divide, and Wyoming university.

The season will be well sprayed with intersectional tilts, from the time Denver university clashes with Iowa State on Sept. 29 under the lights in D. U. stadium, to a scheduled game between Utah U. and Hawaii in Salt Lake City, early in November.

Plenty of Power

Although there's plenty of manpower this year at Utah U., Coach Ike Armstrong, not ordinarily a pessimist, insists he will need it in his drive for a second consecutive pennant. The Utes' schedule is the toughest ever drawn up. The Redskins have nine games in a row without a single week's rest.

Utah's backfield is deep with first stringers. There's little worry over the tackles and ends. Armstrong's dual problems appear to be a suitable replacement at center and development of a good kicker.

At Boulder, Colorado U., with 18 lettermen and recruits from the school's greatest freshman team in history, will show speed, balance and versatility, interspersed with plenty of power—a combination that is bound to cause some worry at Utah U.

No "Whizzer Whites"

There are no Whizzer Whites in sight, however. "They make them only once in a lifetime," is Coach Bunny Oakes' laconic comment.

Clyde (Cac) Hubbard, in his first year as head football mentor at Denver university, has a terrifically powerful line, bulky boys with a veteran for every position. The backfield is a bit scanty, although the tailback spot is really the only serious worry, and the Denver Hilltoppers can be expected to be right in there fighting to the finish.

Utah State, Colorado Aggies, Wyoming and Brigham Young should wind up in that order—according to early season predictions.

Final Baseball Game On Sunday

The final baseball game of the year for the New Castle fans will take place on Sunday at the Ryantown field as the West Side All-Stars picked from four west side teams will try to defeat the City Baseball league all-stars managed by Danny DeGenova and George Zidow.

The game will start at 3 o'clock. The West Siders are confident that they can upset the team that lost to Bessemer last Sunday. Paul Morrison or Joe Wilk will take the mound for the All-Stars of the City league, while Walter "Sheenie" Soho will do the pitching for the West Side team. Soho has been going great guns in Youngstown this year and hopes to trim the City league All-Stars.

Samm Chill will manage the West Side boys in the game Sunday. The following umpires of the Lawrence County league will handle the game: Clem General, Johnny Uram and Dom Castele.

Pirates Trim Boston Bees In Two Games

Rookie Pitchers Gee And Swigart Win For Bucs Over Hapless Bostonians

REDS AND CARDS EACH WIN GAME

By PAT ROBINSON
International News Service Sports Writer

NEW YORK, Sept. 22.—The Cardinals may or may not win the pennant but, win or lose, we certainly owe them a vote of thanks for the most stirring, rip-roaring garrison finish the old National league has seen in years.

Today the Reds are still grimly holding on to their 2½ game lead. They have 12 games left to play; the Cardinals 10. Almost everybody, except the Cards, think that the Reds must win.

But as the Cards come tearing down the stretch—asking no quarter and giving none—they are convinced to a man that their fighting spirit will carry them through to victory and into the world series with the Yanks.

Cards Top Dodgers

The odds say the Cards can't win but the Cards say they must and will win. Despite the odds, the Cards have at least a fighting chance so long as they play like they did yesterday when they staged a two-run rally with two out and none on in the ninth to trim the Dodgers, 6-5.

Meanwhile, the Reds, with Paul Derringer working smoothly for his 23rd victory, had little trouble downing the Phils, 8 to 3, and are all set to go to work on the Pirates.

The Pirates tossed in a pair of rookies yclept Johnny Gee and Oadis Swigart against the Bees and the youngsters came through with a double victory, 6-4 and 7-0.

Cubs Trim Giants

The Giants again ran up against their ex-pal and current nemesis, Hank Leiber, whose two singles and 22nd homer—good for five runs—helped the Cubs breeze in, 9 to 3.

The Yanks continued to enjoy life in the other circuit as they turned in their 102nd win behind young Russo, who got considerable help from Dickey's 23rd homer and Gordon's 26th in plastering the White Sox, 5-2.

The Red Sox scored a 6-2 decision over the Browns in their final meeting; Rudy York's ninth inning hit gave the Tigers a 7-6 verdict over the Athletics and the Indians scored all their runs in the eighth to take the Senators, 6-3.

Utility League Playoff Sunday

Sunday at the National Radiator field, the Gas Office gang, winners of the first half of the Utility-Mercantile softball league race, and the All-States, winners of the second half, will play the final game of a three-game series at 2 o'clock. The winner of the game will be the league champions. Each has won one series battle.

The batteries will be Cowles and Ferree for the "Gas House" gang and Book and Santee for the All-States. A good game is in prospect as the teams are quite evenly matched.

School Board Members Meet

Routine Matters Occupy Attention Of Board Thursday Night

ELLWOOD CITY, Sept. 22—Little other than routine business was considered by members of the Ellwood Board of Education during a brief session held last evening in the Lincoln office with two members, W. L. Dean, and H. W. Smith being absent.

Enrollment figures according to the superintendent's reports totalled 3741, compared with 3784 in September of last year. There is a decrease of 74 in grades 1-6 and and increase of 31 in grades 7-12. The decrease in the lower grades is expected to continue from year to year.

The tuition rate for high school was set at $6.50 per month and for grade school pupils $4 per month.

The total number of night school registrants was 315. People have been turned away from both cabinet making classes, the leather and art-medal class, the 7 o'clock sewing class and the blue print reading class. It was necessary to organize a 6 o'clock class in beginning typing to take care of the large number of students desiring this instruction.

It was agreed upon Dr. Helling's recommendation to send Superintendent Bell to the superintendent's conference to be held at Harrisburg on October 4 and 5.

Improvement to the North Side school was approved and an effort will be made to have the work done by relief workers. A suggestion that maple trees be replanted at the North Side school will be made to the play grounds commission.

If permission can be gained from the state highway department, safety traffic gates will be given a trial at the Circle school, where a most hazardous traffic condition exists. The gates will be installed by a local coal company if the approval is given.

The question of bringing a professional collector here to aid in collecting delinquent per capita tax was discussed but no definite action was taken. It was pointed out that the local delinquent collector, Chas. Lambert, could follow the same procedure of levying on goods after the delinquents have been given the required warnings. Under the present legislation, employers can be required to deduct delinquent per capita tax from employees' wages and Mr. Lambert said all the local companies with the exception of the National Tube Company had signified their willingness to do so.

The five year payment plan for delinquent property tax expires the last of October and an effort will be made to have as many as possible of the property tax delinquents begin the plan before the expiration date.

Field Trial Plans Are Being Furthered

Committees Report Progress At Special Meeting Held Wednesday At New Castle

ELLWOOD CITY, Sept. 22.—To further plans for the annual field trial to be held on Saturday, October 7, at the New Castle fair grounds, a special meeting of the Lawrence County Sportsmen's Council was held last evening at the New Castle Y. M. C. A.

The trap and skeet committee announced that further improvements had been made to the grounds and two new electric traps purchased.

The small bore rifle shoot to be conducted by the East New Castle club will consist of rifle and "lucky" shoots. Many appropriate prizes have been secured for the bait and fly casting to be directed by the Shenango Valley club.

D. C. McCreary, in charge of the shooting bird dog trial, announced that the birds would be secured this week. Beagle trials will be conducted by R .R. McCormick of New Castle. Headquarters will be in charge of the Bessemer Rod and Gun club with Kenneth Griffin, council secretary, as chairman.

Another special meeting will be held next Wednesday night at the same place when all committees are expected to present their final programs in preparation for printing.

Booster Night At Local Grange

ELLWOOD CITY, Sept. 22.—"Booster" night was observed in a most successful manner on Thursday evening at the Pleasant Hill grange with a very large attendance of members.

Rev. E. A. Shoemaker, of Westfield, was the guest speaker and the subject of his interesting address was "Roots of Americanism." Other program features were: solo, "Win Them One By One," Hugh Timblim; violin solo, Joe Walton; readings, Mrs. Fred Young and Mrs. Harry Boots; and greetings from the national master by Mrs. Howard Aiken.

Ten new members were received into the organization with the first and second degree to be conferred on Thursday, October 19, and the third and fourth the first meeting in November.

Juvenile grangers met at the same time and devoted the time to making scrap books.

Thursday evening, October 5, marks the date of the next meeting.

Ellwood High Will Play Union Saturday

ELLWOOD CITY, Sept. 22.—In a determined effort to offset last week's discouraging defeat in their initial encounter, the Ellwood City high school's football team has worked tirelessly this week in long scrimmage sessions, to redeem their standing on Saturday afternoon at Lincoln field when they will be host to Union township. Union township returns to Ellwood's schedule in place of Wellsville, O.

It will be the initial game for John Susko, former Westminster star, as skipper of the Union township crew and he will bring a veteran team to Ellwood that is anxious to make a splendid showing for their new coach as well as beginning their season on the rignt side of the ledger.

Union township has dabbled in the six-man football team fad and this experience should tend to give them plenty of speed.

Coach Croft believes that last Saturday's game was lost due to the inability of the Ellwood line to hold up their end of the defensive play and he is confident that a great improvement will be noted this week. Blocking and tackling have been practiced faithfully this week and "looks much better," the optimistic skipper says.

The dreaded injury spectre has already found the Ellwood crew and unless rapid improvement is noted may affect the local's strength in their second game. Lanzi and Biggins, guards, who were both hurt in the Bessemer contest, have been unable to practice all week and may not be ready for Saturday. Adding to that, Murphy and Cartwright, quarterbacks, both suffered injuries on Wednesday night that may keep them out of most of this week's attraction. For that reason, two players have been named in the positions played by the injured lads.

The weather conditions promising to be much more suitable for the pigskin game this week, a big crowd is expected at Lincoln field for the starting kick-off at 2:30 p. m.

The lineup:

Miss Helen Newton Weds Dr. Madigan

Impressive Ceremony Solemnized On Thursday Morning In Pittsburgh Church

ELLWOOD CITY, Sept. 22.—A lovely wedding was impressively solemnized on Thursday morning at 11 o'clock in a Pittsburgh Presbyterian church by Rev. Wallace, when Miss Helen Newton, daughter of Mr. and Mrs. Omar Newton, of 918 Woodside avenue, this city, was united in holy wedlock to Dr. Thomas J. Madigan, son of Mr. and Mrs. John J. Madigan, of Mt. Washington. Only the immediate families and a few intimate friends witnessed the ceremony.

The bride was most charming in a blue velvet ensemble with matching accessories. She wore an orchid and lilies-of-the-valley corsage and carried a prayer book.

Miss Edna Porter of New York City, was her only attendant and was attired in ashes of roses velvet and had a corsage of rosebuds. The bride's mother wore blue silk crepe and had a rose corsage, while the bridegroom's mother appeared in brown crepe and wore baby mums.

Dr. Michael Guthrie served the bridegroom as best man.

A wedding breakfast followed the ceremony at the Hotel Pittsburgher Later the couple departed on an eastern wedding trip and after ten days will reside in a newly furnished apartment in Aspinwall.

The bride graduated from the local high school with the class of '33, attended Duquesne university and graduated from the Allengheny General School of Nursing and is now affiliated with the Allegheny General hospital.

Dr. Madigan holds degrees from Duquesne and Pitt universities and is connected with the surgery department of St. Francis hospital, in Pittsburgh.

"Bells Of Worship" Is Mission Theme

ELLWOOD CITY, Sept. 22—Forty five members of the Women's Missionary society of the First Baptist church assembled on Thursday evening in the church parlor for the first meeting of the fall season.

"Bells" is the theme for the new year and with Group One in charge of the program they chose "Bells of Worship" for the theme and effectively carried it out.

Mrs. D. S. Clark of Eucador, South America, sister of Mrs. T. W. Bouck, of Glen avenue, who is visiting here, was the guest speaker and gave a most informative talk on that country.

At the close of the evening, a dainty lunch was served by Mrs. R. G. Osterhouse, Mrs. Orin Barkley and Mrs. H. M. Anderson. Thursday, October 19, marks the date of the next meeting.

Memorial Class Members Gather

ELLWOOD CITY, Sept. 22—Fifteen members of Class Four of the Bell Memorial Presbyterian church were graciously received for their September meeting last evening by Mrs. Elizabeth McCorkle, of North street.

Mrs. Roy Wiley, teacher of the class, and Miss Norma Marshall conducted the devotional period. Plans were formulated for arranging the class room.

After a pleasant social hour, a dainty lunch was served by the hostess aided by the Misses Margaret Clyde, Mary Evelyn Christie and Kathleen Houk.

Ellwood Citizens To Attend Perry Highway Event

ELLWOOD CITY, Sept. 22.—The new four-mile stretch of the Perry highway at Portersville will be officially opened on Thursday, September 28, at 4 p. m., Eastern Standard Time.

T. C. Frame, chief engineer of highways, and others from Harrisburg, will be present, together with the commissioners from Lawrence and Butler counties.

The Perry Highway Improvement Association have sent special invitations to members of the local Chamber Good Roads Committee and Chamber Secretary Denny Schill.

S. S. Conference Is Most Worthwhile

Ellwood District Has Annual Fall Dinner At First U. P. Church On Thursday

ELLWOOD CITY, Sept. 22.—A most worthwhile convention of officers and workers was held on Thursday evening in the First United Presbyterian church by the Ellwood City district of the county Sunday School Association.

The affair, attended by 100 representatives of the various churches, began with a 6 o'clock dinner, during which the Marshall quartet sang a number of selections. Rev. H. F. Pollock offered the invocation and Harry Brown gave a talk on "Christian Literature."

Two group conferences followed, one for young people led by Rev. A. M. Stevenson, of the Presbyterian church, and the other for adults in charge of Rev. J. E. Pringle, of the Bell Memorial church.

Rev. F. B. McAllister, pastor of the Baptist Temple, Youngstown, was the guest speaker and he brought an inspiring and helpful message of advice to Christian workers. He was introduced by Robert Strickler, president of the county organization. A. J. Musselman, administrative superintendent, presided throughout the evening.

N. Y. T. Members Name Officers

ELLWOOD CITY, Sept. 22.—At a re-organizational meeting of the N. Y. T. club held on Thursday evening at the home of Mrs. Lola Wolfe, of Todd avenue, four new members, Mrs. Mabel Hogue, Mrs. Mary Dominella, Mrs. Marie Measel and Mrs. Tina Alfonso, were received into the club.

Officers were chosen as follows: President, Mrs. Pansy Johnston; vice president, Mrs. Ida Duncan; secretary, Mrs. Mabel Hogue; treasurer, Mrs. Elizabeth Mackey; and press secretary, Mrs. Lola Wolfe.

Bingo was the evening's diversion with the awards going to Mrs. Bessie Smith and Mrs. Ida Duncan. The hostess served a dainty repast.

Another meeting will be held the first Thursday of October at the home of Mrs. Tina Alfonso, of First avenue, with Mrs. Josephine Alfonso, as co-hostess.

Koppel Man Is Called By Death

ELLWOOD CITY, Sept. 22.—Richard Shakespeare, aged 39 years, passed away last evening at 8:30 o'clock at his home in Koppel after a brief illness.

He is survived by his wife, one son, a sister and a brother. Funeral arrangements are incomplete and will be announced.

School Legislation Explained To Rotary By Supt. J. E. Bell

Plan To Attend Annual Family Night Party At Butler On Monday Night

ELLWOOD CITY, Sept. 22—Recent legislation affecting school laws was explained to members of the Rotary club at their weekly dinner meeting in the First Presbyterian church on Thursday evening by superintendent of schools, J. Ellis Bell.

The age requirements, the tuition laws, the tenure act and laws regarding the collection of taxes were all described in an enlightening manner by Mr. Bell.

Elden Danner, Boy Scout commissioner, presented the club with a charter for the scout troop and the sea scout patrol. Money won recently by the club in a quiz contest was given to the sea scouts.

Under the direction of Ray Humphrey, two groups of singers, James Augenbach, Edward Mackasek, Byron McCandless, Howard Guy, Tom Patterson, Howard Johnston, Ben Gardner, John Runyan, Fred Jackson, V. V. Johnston and Ray Aylesworth, presented an amusing program.

An invitation to attend the annual family night program at Butler on Monday evening was accepted. Butler organized the local club and is entertaining all the clubs, they have sponsored.

New Home Planned For Rod-Gun Club

Ellwood And Wampum Clubs To Combine In Building Structure Near Gun Range

ELLWOOD CITY, Sept. 22.—Good news to members of the Rod and Gun clubs of Ellwood City and Wampum is the assurance of the building of a home where activities may be carried on independently or jointly.

The building will be constructed on property on the Ellwood-Wampum road adjacent to the present location of the shooting range, now used by both clubs.

The proposed one-story frame building will be of ample size to accommodate future needs and will be constructed to lend itself readily to expansion as projects may arise to demand space.

The building will be started in the near future.

On Saturday, September 23, the weekly shooting match of the Ellwood club will be held at the range in the afternoon. The match for Saturday, October 7, has been cancelled that members might join the county field meet.

Mars Resident Causes Accident

ELLWOOD CITY, Sept. 22—Said by local police to be suffering from a severe mental strain, Sebastian Fustino, of Mars, Pa., struck a number of cars at various points about town last evening shortly before 11 o'clock and finally crashed into a car driven by Mrs. Retha Knoblow, of Meadville, at the corner of Fourth street and Franklin avenue.

Fustino jumped from the car and fled being caught by Paul McMurdo, Ernest Gallagher and Paul Knight, of this city, and turned over to local police.

Mrs. S. R. Berstler of Franklin avenue, was a passenger of the Knoblow car and is said to have received a severe cut on her head. Other car owners reported various damages. The sick man's parents were sent for this morning.

Bernard Cuban of Ninth street, received various injuries last evening, when a tire he was inflating at the McElhaney service station, exploded.

200	13.76	15.98	19.33	27.72
300	20.46	23.80	28.82	41.41

This plan is for persons with a steady income or salary sufficient to meet payments promptly without undue strain, and a good credit record. You don't need co-makers, life insurance or securities. You get any amount up to $300 at Personal's new low rate of only 2½% per month for the first $100 and 2% per month on balances over $100, on just the actual balance owed.

For persons who wish to carry a loan larger than 8 to 12% of annual salary or income, or without established credit and employment ratings, Personal offers its "Regular" loan at 3% monthly on unpaid balances of $150 and less, and 2% monthly on unpaid balances over $150. Seize this opportunity to save money on your loan. Come in or telephone today.

FROM ME TO YOU

By MESEEALL.

Tonight our football opponents will come from over the line . . . and from all indications the game or fight should be one worth while attending. The "Red Hurricane" has been working very diligently on some new plays that should send the Youngstown East team on their ear. We hope so .

* * *

Don't forget to keep your eye on the Band tonight . . . see if they have improved over last Friday. We think that before the season is over . . . everyone will be talking about New Castle High Band and that means they will be talking about the people of New Castle . . . by the way, let's not forget to be courteous to our football visitors at all times.

* * *

A great many men, women and families had a grin from ear to ear last night after the rumor of a few days was verified in The News . . . the "The Tin Mill Will Resume" . . . those are mighty fine words and we are very glad to hear them . . . their is nothing greater in my way of thinking than seeing all men working. When that occurs, almost everyone is happy.

* * *

Not what we have, but what we use
Not what we see, but what we choose
These are the things that mar or bless
The sum of human happiness.

The things near by, not things afar,
Not what we seem, but what we are
These are the things that make or break,
That give the heart its joy or ache.

Not what seems fair, but what is true
Not what we dream, but what we do,
These are the things that shine like gems,
Like stars of Fortune's diadems.

Not what we take, but what we give,
Not as we pray, but as we live—
These are the things that make for peace
Both now and after time shall cease.

Market Runs Into Profit-Taking After Opening 1 To 2 Points Higher

By LESLIE GOULD
International News Service
Financial Writer

NEW YORK, Sept. 22.—The stock market ran into profit-taking today immediately after an opening spurt of one to more than two points. Most gains were wiped out and many pivotal issues slid below last night's closing levels.

U. S. Steel showed the biggest opening block, 5,000 shares at 80, up 1⅝ points. It then moved up to 80⅝, but quickly retreated to 78⅜ for a net loss of ¼. Bethlehem started 1½ higher at 95, went up to 95½, then dropped to 92¾, off ¾.

These were typical of price movements through most of the pivotal groups. Allied Chemical lost all but a half-point of an early spurt of 2½, while DuPont converted a gain of more than a point into a fractional decline.

Chrysler, after being up almost a point, lost as much, but General Motors retained a fractional gain. Coppers were mixed following initial advances running to a point. Rubbers, rails and farm implements also turned irregular.

Building shares and utilities maintained a firm undertone. Aviations eased fractions after advancing as much as a point in Douglas and United Aircraft. Oils also were backward.

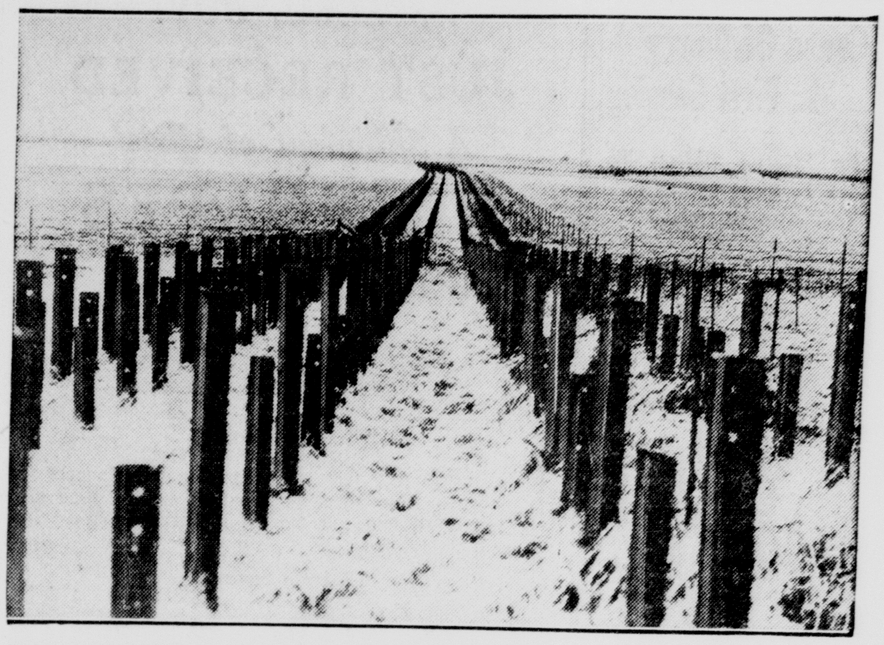
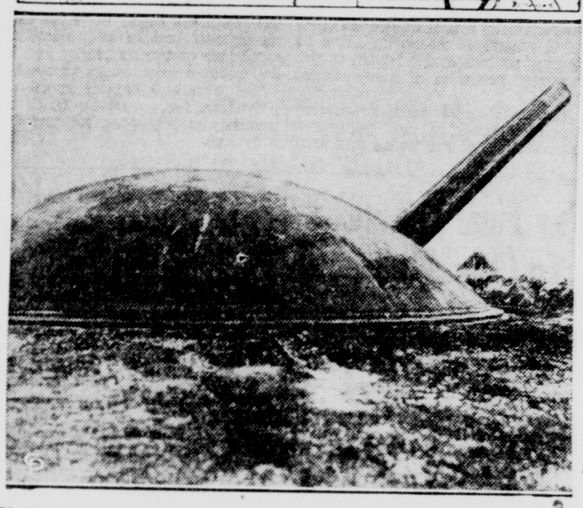
BELGIUM READY TO DEFEND SELF IF ATTACK COMES





If the German armies attempt to attack France by way of Belgium, in accordance with the famed Von Schlieffen plan which came so perilously near success in 1914, invading forces may this time find an impregnable barrier in their path—Belgium's "Little Maginot" line. Top view shows Belgium's famed "asparagus beds"—steel tank barricade. Center left is a map showing how Belgium's "Little Maginot" line extends all the way from the North sea south to the French defenses. Lower left is one of the steel field gun turrets of the "Little Maginot" line. At right is a Belgian en route to his appointed place in the fortifications which today are manned at war strength.

Lindbergh Speech Cause Of Flurry In First Session

Senator Pittman Objects To Move To Place Speech In Congressional Record

(International News Service)

WASHINGTON, Sept. 22.—Opening of the special session of congress in the senate Thursday was marked by a clash over publication in the Congressional Record of a radio speech delivered by Col. Charles A. Lindbergh, urging America to remain out of the European war.

Just after the senate organized for business Senator Tobey (R) New Hampshire, arose and asked unanimous consent to insert Lindbergh's speech in the Record. Senator Pittman (D) Nevada, chairman of the senate foreign relations committee, immediately objected. Tobey, appeared bewildered by the objection, made no further effort to get the speech into the Record.

In his speech, Lindbergh urged the American people to isolate themselves against European wars. He said the Atlantic ocean was a natural barrier against invasion.

Immediately after the incident, Pittman explained that his objections were based on customary procedure.

"I didn't think we should start putting speeches into the Record before the routine resolutions were placed there," said Pittman. "The whole thing had nothing to do with politics."

Tobey had observed to Pittman ironically after the objection and after the senate recessed that he had "thought politics were adjourned."

Tobey told reporters he thought the Lindbergh speech was "splendid" and carried intense appeal for American youth.

President Urges Repeal Of Arms Shipment Embargo

By GEORGE DURNO
International News Service Staff Correspondent

WASHINGTON, Sept. 22.—President Roosevelt, in an historical special message to the extraordinary session of the 76th congress, called Thursday for repeal of the embargo on shipment of American arms to warring nations and a return to the "age-old" processes of international law.

The president's anxiously-waited neutrality program was, he told a joint session of the house and senate, the "road to peace" for the United States, and he reckoned the neutrality act as it stands as a threat to the peaceful relations of the United States with other nations.

By repeal of the arms embargo, the president asked congress to do away with one of the most vital provisions of the neutrality act, but he would retain other restrictions—the munitions control board and provisions for governing U. S. nationals and sea-borne commerce in war-time.

Thousands Surround Cathedral In New York During Funeral Ceremony

(International News Service)

NEW YORK, Sept. 22.—With St. Patrick's Cathedral surrounded by thousands of men and women, funeral services were held Thursday for Charles M. Schwab, the steel baron who died last Monday night.

The copper and bronze coffin, covered by a blanket of orchids, lilies of the valley and ferns, was carried into the cathedral by 12 men and placed at the head of the main aisle.

The Rev. Father Walter P. Kellenberg was the celebrant of the mass, with the Rev. Father Francis Reh as deacon, the Rev. Father Thomas Dunnellan, sub-beacon, and the Rev. Father Joseph F. Flannery master of ceremonies.

A double quartet sang the responses and music of the mass. Those outside were kept in order and the flow of traffic kept unimpeded by some 80 policemen.

The honorary pallbearers, all associated at one time with Mr. Schwab, were:

Eugene G. Grace, Paul D. Cravath, Quincy Bent, R. E. McMath, James H. Ward, Archibald Johnston, Paul McKall, C. A. Buck, George B. Blakeley, Charles R. Holton, Norborne Berkeley, C. D. Marshall, John M. Gross, Roy A. Lewis, N. S. Snyder, J. M. Larkin, F. A. Schick, Hoyt A. Moore and S. W. Wakeman.

Among those attending the services were John D. Rockefeller, Jr., former Governor Alfred E. Smith, Eugene E. Moran, W. J. Filbert, Samuel Rosoff, James A. O'Gorman and Major Edward Bowes.
